

# WIO 2024 Program Book

**- WIO 2024 -**  
**Summer  
Symposium**  
Carlsbad **AUGUST 22-25** California

Women in Ophthalmology (WIO) was founded to enhance and improve the professional environment for women ophthalmologists. WIO encourages diversity, impartiality, economic parity, and strives to cultivate new opportunities for leadership, education, and public service in the field of ophthalmology for ourselves and future generations. What started as a lunch meeting at the American Academy of Ophthalmology (AAO) has grown to an internationally recognized organization, an affiliate society of the AAO, which provides scientific/medical education and professional development resources for women in ophthalmology. WIO recognizes the many facets to being a female ophthalmologist and provides training, services, and benefits to meet all of those needs.

Women in Ophthalmology  
655 Beach Street  
San Francisco, CA 94109

## Board Members

**Lisa Nijm, MD, JD**  
Chief Executive Officer

**Christina Weng, MD, MBA**  
President

**Grace Sun, MD**  
Past-President

**Purnima Patel, MD**  
President-Elect

**Kimberly Winges, MD**  
Vice President

**Lejla Vajzovic, MD**  
Treasurer

**Nataliya Danylkova, MD, MBA**  
Secretary

**Laura Enyedi, MD**  
AAO Councilor

**Sophie Bakri, MD**  
Development Director

**Usiwoma Abugo, MD**  
Membership Director

**Cynthia Bradford, MD**  
Director at Large

**Sophia Chung, MD**  
Director at Large

**Andrea Kossler, MD**  
Director at Large

**Lorraine Provencher, MD**  
Director at Large

# Inspire and Unite

The number of women matching into and practicing ophthalmology has steadily increased over time. Approximately 40% of our trainees and 25% of AAO members in practice are female. Although these are great numbers compared to the 1990s when the first Women in Ophthalmology Summer Symposium was held, it is lower than percentages in other specialties and recently we have seen slower growth and even regression. In addition, women lag in areas of leadership where they are underrepresented as full professors, department chairs, program directors, principal investigators in large trials, practice owners, and chief officers in health care and industry. As I set out with our amazing program committee to organize this year's WIO Summer Symposium, I aimed to create programming that would inspire and unite us to move forward.

From the opening session "Visions for the Future" with big names and even bigger aspirations, to the final keynote "Personal and Professional Challenges" with open discussions on problems we face as women in ophthalmology, I hope that you will come away with new inspiration and support to grow your career. Take advantage of breakout sessions on Friday that will encourage you to take that next step. Learn new skills in one of our skill labs, review posters, attend our clinical sessions, and spend time in the Exhibitor Hall to see what is new and exciting in ophthalmology. WIO always prioritizes member wellness. Choose one of the Saturday self-care breakout sessions, or join one of our popular Live Well sessions. Finally, connect and relax at social events throughout the meeting.

During my time with WIO, I have worked with amazing women leaders. I have been inspired by and have had the opportunity to unite with amazing women throughout the organization. This year I leaned on my program committee more than ever to assist in planning and implementation of this memorable Summer Symposium. Thank you to our CEO Lisa Nijm for making so many things possible for this organization, and special thanks to our Past President Grace Sun, President Christina Weng, and Vice President Kimberly Wings for their unwavering support and guidance. I have worked with WIO for long enough to remember a time before our current admin team was on board... and I can only say I am forever grateful for all their knowledge, experience, and hard work. Thank you especially to Amber Mendez, Alissa Evans, Holly Fullerton, and Susan Oslar.

We are thankful for our sponsors and their invaluable partnerships and for all of our dedicated moderators, speakers and mentors who will both Inspire and Unite us throughout the meeting. To our attendees, we welcome you to Carlsbad and we challenge you to look around for opportunities to build a future of women leaders in the field of ophthalmology.

**Anna Momont**  
Program Chair

## Program Committee

**Usiwoma Abugo,  
MD**

**Janet Alexander,  
MD**

**Arosemena Analisa,  
MD**

**Carla Bourne, MD**

**Cat Burkat, MD**

**Jennifer Galvin, MD**

**Shelly Jain, MD**

**Andrea Lora  
Kossler, MD, FACS**

**Moran Roni Levin,  
MD**

**Jennifer Lindsey,  
MD, MBA**

**Anna Momont, MD**

**Mitra Nejad, MD**

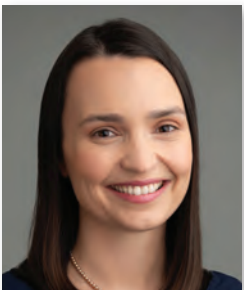

**Lisa Nijm, MD, JD**

**Camille Palma, MD**

**Claudia Perez-  
Straziota, MD**

**Kathleen Schildroth,  
MD**

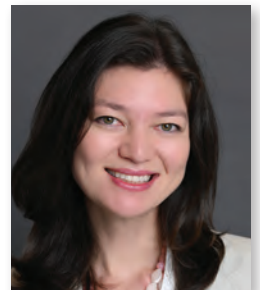

**Grace Sun, MD**

**Ramya Swamy, MD**

**Christina Weng, MD,  
MBA**

**Kimberly Wingses,  
MD**

## Meeting Information

### Registration Hours

THURSDAY	3:00 PM – 7:30 PM
FRIDAY	6:00 AM – 5:30 PM
SATURDAY	6:00 AM – 5:30 PM
SUNDAY	6:30 AM – 11:30 AM

### Badges

WIO name badges should be worn during all sessions and social events. Replacement badges can be obtained at the registration desk.

### Meeting Attire

Business casual or vacation attire is encouraged for the duration of the meeting, and California Chic or Resort Chic is appropriate attire for the Gala Dinner and Get Up and Dance Party. Sweaters or light jackets are recommended at all indoor meeting events as it can be difficult to regulate a temperature that is favorable to all.

### Meals and Refreshments

Refreshment breaks, receptions, and meals provide continued networking opportunities. If you submitted special dietary requests, they have been noted and will be accommodated wherever possible. This meeting offers the following opportunities for registered attendees:

- **CME Spotlight Meal Sessions and Friday Dinner Symposium** – The CME Spotlight meal sessions scheduled throughout the meeting and the Friday Dinner Symposium are intended for registered physician attendees only.
- **Medical Student Lunches** – These lunch sessions are intended for registered medical students and run concurrently with the CME Spotlight lunch sessions on Friday and Saturday afternoon.
- **Personal Guest Hospitality Lounge** – Breakfast will be available for registered spouses, personal guests, and children on Friday and Saturday in our Guest Hospitality Lounge – Eclipse 1. Personal guests are welcome to grab breakfast from the general session room on Sunday morning with the physician attendees. Your registered children are welcome to eat in the Hospitality Lounge with a registered adult, or check-in to WIO's childcare services where meals will be provided.
- **Exhibit Hall Breaks and Social/Networking Events** – All registered attendees are invited to our snack breaks in the Exhibit Hall and our social events throughout the meeting including:

### THURSDAY

- Opening Champagne Reception

### FRIDAY

- Snack Breaks (2) in Exhibit Hall
- Social & Networking Reception: Fun With the Family
- Exhibit Hall Cocktail & Dessert Reception

### SATURDAY

- Snack Breaks (2) in Exhibit Hall
- Closing Reception & Cocktail Hour / Group Photo
- Gala Dinner
- Get Up and Dance!

- **Gala Dinner/Get Up and Dance!** All registered adult attendees are invited to attend our Gala Dinner, including medical students, physician attendees, industry, and personal guests. Hear some meeting highlights and special recognitions while you dine and listen for your name as we conduct our final raffle of the meeting! Child registrants between the ages of 2 and 12 are asked to utilize WIO's childcare services provided during the Gala Dinner. After the Gala, get ready for a night of dancing and fun at our annual Get Up and Dance party. Children will not be permitted to the Dance Party, which is for registered adults only.

### Speaker Ready Location

Presenters must submit final slide presentations to the audiovisual staff no less than 2 hours prior to their presentation. Audiovisual staff will be located at the back of the general session room ready to assist you.

### Exhibits/WIO\*Go

Mingle with manufacturers, distributors, and suppliers of products in the field of ophthalmology. Play WIO\*Go (Exhibitor Bingo) by collecting stamps from our exhibiting supporters on the game card located in your Swag Bag. Drop the card off at the Registration Desk by 3:30 PM on Friday and Saturday to be entered in the raffle drawings. Great prizes are in store for the raffle winners who will be announced during the Friday night dessert reception, and during the Saturday evening Gala.

### Exhibit Hall Hours

Our Exhibit Hall will be open during the times listed below, and for the Dessert Reception on Friday night. Please view the detailed program schedule for Exhibit Hall Break times.

FRIDAY & SATURDAY 7:00 AM – 3:30 PM

## Meeting Information

### Skill Labs

Hone your skills or try something new with a Surgical Skill Lab. Check with the WIO registration staff to confirm advance sign-ups and remaining availability.

FRIDAY 1:15 PM – 4:00 PM

- **SKILL LAB 1:** Phacoemulsification
- **SKILL LAB 2:** Glaucoma / MIGS

SATURDAY 2:00 PM – 5:00 PM

- **SKILL LAB 3:** Oculoplastics
- **SKILL LAB 4:** Suturing Techniques

### Live Well Sessions

Take time for yourself! Energize and restore with a morning and/or afternoon Live Well session. Live Well sessions are open to all registered adult attendees, including medical students, personal guests, and industry partners.

THURSDAY 3:30 PM – 4:30 PM

- Walk with Intention

FRIDAY 6:00 AM – 6:45 AM

- Daybreak Yoga I
- Cardio

2:00 PM – 2:50 PM

- Watercolor Painting (separate registration required)
- Self Defense

3:00 PM – 3:50 PM

- Zumba

SATURDAY 6:00 AM – 6:45 AM

- Daybreak Yoga II

2:45 PM – 3:35 PM

- Pelvic Smarts  
2:45 PM – 3:35 PM
- Acupuncture (separate registration required)  
3:45 PM – 4:35 PM

- Mommy & Me Lab (separate registration required)
- Bachata Dance

### Mothers' Room

A Mother's Room is available in Costa Del Sol Office 2 for the duration of the meeting. Please check in at the registration desk for access to this private space.

### Prayer Room

A Prayer Room is available in Costa Del Sol Office 1 for the duration of the meeting.

### Wi-Fi Internet Access

Wi-Fi internet access is available in the meeting areas.

- NETWORK: WIO2024
- PASSWORD: EliosVision

### Photographing, Social Media and Recording of Exhibits, Posters and Presentations

WIO's policy for the use of photography and social media aims to balance the needs between presenters, patients, and advocates for the latest information and the needs of presenters to protect their proprietary information from unauthorized use. As a presenter, if you do not wish to have your slides shared on social media or photographed, please verbally make a statement and provide a written slide in your presentation. Unless otherwise stated, non-flash photography is allowed for personal, social, and non-commercial use. Please respect presenters who state they do not want their slides and/or content photographed or shared on social media. Attendees taking photos must do so in a non-disruptive manner so as not to disturb the presenter and other attendees. Slides with patient faces or other identifiable information cannot be shared on social media due to HIPAA regulations. Video recording, live audio and/or video streaming is strictly prohibited. Failure to comply with this policy may result in being removed from the session and/or meeting.

### Display or Distribution of Materials

WIO has retained use of Omni La Costa Resort & Spa to enable registered members and guests to participate in Society-sponsored educational and informational activities. Display or distribution of non-sponsored information or advertising in or on the property, except at exhibit tables and on the WIO notice board (upon approval), is prohibited. Violation of this policy may result in confiscation and disposal of the material.

### Questions?

If you have questions regarding WIO or the Summer Symposium, please stop by the WIO Registration Desk during registration hours for staff assistance.

## CME Information

In support of improving patient care, this activity has been planned and implemented by Medical Education Resources (MER and Women in Ophthalmology (WIO). MER is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

### Target Audience

This activity has been designed to meet the educational needs of ophthalmologists and trainees who are involved in clinical or surgical eye care, academic, leadership, research, and/or administration.

### Program Overview

The Summer Symposium provides solid scientific and practice management information to clinicians, researchers, and other professionals in the field. The conference has become the apex of WIO's annual activities for its unique blend of medical education and leadership training. The event increases speaking opportunities for women, provides a comfortable woman-to-woman learning environment for the latest scientific breakthroughs, and fosters relationships between women from diverse backgrounds, professional environments, and life experiences.

### 2024 Educational Objectives

- Describe, compare, and evaluate the best diagnostic and treatment options for important disease states in ophthalmology.
- Identify and evaluate how best to incorporate new surgical techniques into practice, efficiently manage surgical practice, and address difficult surgical cases and complications.
- Assess why diversity matters in ophthalmology and in ophthalmology leadership for optimal patient care and how to grow diversity in individual practice settings and in the greater ophthalmology community.

- Identify and apply current research findings to improve patient care.
- Identify and apply strategies for implementing clinical research into diverse practice settings.
- Implement key practice management skills such as medical staff training and retention, enhancing patient experience, and improving online branding and communication.
- Identify strategies to improve well-being including organizational skills, ergonomics and financial wellness.
- Apply necessary professional development skills such as negotiation, mentorship, communication, and crucial conversations for career growth.
- Address the unique challenges of academic medicine, private practice, and large multispecialty groups.
- Identify and address challenges of global ophthalmology initiatives and implement strategies to overcome these challenges.

### Faculty and Program Agenda

A complete program and list of faculty, along with their financial disclosures and biographies, is published online in this program Book and in the virtual platform.

### Physician Credit – Live Meeting (Includes Virtual Access)

Medical Education Resources designates this live activity for a maximum of 28.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### Physician Credit – Virtual Meeting

Medical Education Resources designates this live activity for a maximum of 23.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### Disclosure of Conflicts of Interest

It is the policy of Medical Education Resources to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a continuing education activity conforms to the generally accepted standards of experimental design, data collection, and analysis.

## Financial Disclosures

Category	Code	Description
Consultant/Advisor	C	Consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year)
Employee	E	Employed by a commercial entity
Lecture Fees	L	Lecture fees (honoraria), travel fees or reimbursements when speaking at the invitation of a commercial entity (for the past 1 year)
Equity Owner	O	Equity ownership/stock options of publicly or privately traded firms (excluding mutual funds) with manufacturers of commercial ophthalmic products or commercial ophthalmic services
Patents/Royalty	P	Patents and/or royalties that might be viewed as creating a potential conflict of interest
Grant Support	S	Grant support for the past 1 year (all sources) and all sources used for this project

The faculty listed here reported the following financial relationships with commercial interests whose products or services may be mentioned in this activity:

**ALVAREZ GONZALEZ, Erica**  
 O - Ocular Oncology and Medica Retina P.A.

**AROSEMENA, Analisa**  
 C - Nova Eye

**BAJIC, Nicole**  
 C - Alcon, Zeiss

**BARBOUR, Monique**  
 C - Abbvie, Iveric Bio, Thea Pharma  
 L - Sun Pharma

**BORKAR, Durga**  
 C - AbbVie, Alimera Sciences, Regeneron

**CAPALBO, TARA**  
 E - AbbVie

**CHEVEZ-BARRIOS, Patricia**  
 S - Adopt-A-Scientist  
 P - American Registry of Pathology

**COCKERHAM, Kimberly**  
 C - Amgen, Genentec, Immunovant, Lassen Therapeutics, Tourmaline, Viridian

**DALVIN, Lauren**  
 S - Ideaya Biosciences, National Center for Advancing Translational Science

**DI NOME, Marie**  
 O - SeeMeWork

**DO, Diana**  
 C - AbbVie, Apellis, Boehringer Ingelheim, Iveric Bio, Kodiak Sciences, Regeneron  
 O - Kodiak Sciences

**DOLAN, Eileen**  
 E - Bausch + Lomb

**GOYAL, Nina**  
 C - Microsurgical Technology, Sight Sciences

**HILAL-CAMPO, Diane**  
 O - twenty/twenty beauty

**KAY, Christine**  
 C - Nanoscope

**KOSSLER, Andrea**  
 C - Amgen, Immunovant, Lassen Therapeutics, Sling Therapeutics, Viridian

**MCCANNEL, Tara**  
 O - Seyhart

**METZINGER, Rebecca**  
 L - Rayner

**NIJM, Lisa**  
 C - Alcon, Allergan, Azura Ophthalmics, Bausch + Lomb, BVI Medical, Carl Zeiss Meditec, Centricity Vision, Dompe, Harrow, Horizon Therapeutics, Iveric Bio, Johnson & Johnson Vision, Nordic Pharma, Ocular Therapeutix, Orasis, Oyster Point Pharma/

Viatrix, Rayner Intraocular Lenses Ltd, Scope Health, Sun, Tarsus, TearLab Corporation/TruKera Medical, Thea, Visus  
 L - Allergan, Bausch + Lomb, Horizon Therapeutics, Johnson & Johnson Vision, Ocular Therapeutix, Oyster Point Pharma/Viatrix, Sun  
 O - MD Negotiation, TearLab Corporation/Trukera Medical  
 S - Ocular Therapeutics

**PAREKH, Swati**  
 C - Bausch + Lomb

**PATEL, Roma**  
 C - Alcon, Allergan, New World Medical

**PERIMAN, Laura**  
 C - Alcon, Aldeyra, Allergan, Amgen, Azura, Bausch + Lomb, Bruder, Dompe, Eyedetec, Kala, Lumenis, Mallinckrodt, Myze, Novartis, Nusight Medical, Olympic Ophthalmics, Science Based Health, Scope, Sun, Tarsus, ThermaMEDx, Versea, Visant, Viatrix  
 L - Alcon, Allergan, Bausch + Lomb, Kala, Lumenis, Mallinckrodt, Novartis, Nusight Medical, Olympic Ophthalmics, Science Based Health, Scope, Sun, Viatrix  
 O - Quench Method

**POWERS, Erin**  
 E - Johnson & Johnson  
 O - BVI Medical

**PRAEGER, Lisa**  
 E - Alcon

**QIU, Mary**  
 C - AbbVie, Nova

**ROSE-NUSSBAUMER, Jennifer**  
 C - EmmeCell  
 S - NIH

**ROWEN, Sheri**  
 L - Alcon, Viatrix

**VENDAL, Zarmeena**  
 C - Alcon, Bausch + Lomb, Biotissue, Johnson & Johnson, Ocular Therapeutix, Rx Sight, Sight Sciences

**VERA, Vanessa**  
 E - AbbVie

**VICTORIA, Ana Carolina**  
 C - Galderma

The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contradictions or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

## Award Recipients

### Bernice Z. Brown Memorial Lecture Award

FRIDAY, AUGUST 23, 8:45 AM - 9:15 AM

Given by the WIO Board of Directors to a WIO member in honor of Dr. Bernice Brown, recipients have contributed to the profession of ophthalmology and to the advancement of women in the field. The honoree is asked to speak about her life, accomplishments and overcoming obstacles in her profession, offering inspiring real-life stories of professional growth and success in the practice of ophthalmology.

#### **BARBARA J. ARNOLD, MD, FACS**

Sacramento's Fairy Godmother and one of WIO's founders of the annual Summer Symposium

The Inside Sacramento Magazine ran a story on Dr. Barbara Arnold in August of 2020 written by Jessica Laskey, aptly titled, "Sacramento's Fairy Godmother: Eye Doctor Sets her Sights on Philanthropy".

"Giving back has been the driving force of Dr. Barbara Arnold's life. The celebrated ophthalmologist has generously donated her time, money, and wisdom for decades - which she believes is the key to a life well lived. As a volunteer, Dr. Arnold has served as a volunteer faculty member at the UC Davis Eye Clinic for the past 38 years. And she donates a piece of art to the KVIE Art Auction each year - she won Best in Show her first time out in 2016 - and to the Crocker Art Museum's annual "Big Names, Small Art" fundraising exhibition.

After earning her medical degree from the University of Colorado - she was the first woman accepted into the school's ophthalmology training program - and serving four years with the U.S. Air Force as a flight surgeon, Dr. Arnold decided to open a medical practice in Sacramento in 1981. She specifically chose to locate her office in the south area to serve (where she was needed).

When she started attending Fairytale Town (a children's play park) with her two grandchildren, she noticed the park needed some TLC - so she donated to help the park make capital improvements."

Many WIO attendees know Dr. Arnold as one of WIO's founders of the annual Summer Symposium and the art teacher for the Live Well sessions. Dr. Arnold is honored to receive the WIO Bernice Z. Brown Memorial Lecture Award, and she is looking forward to sharing her story, earning a medical degree in 1968 when there were so few women in the field, going into private practice in 1972, and going on to help create a space for woman ophthalmologists to gather, collaborate, advocate, be seen and heard, when she helped found the WIO Summer Symposium in 1998.

## Award Recipients

### Honorary Lecture Award

SATURDAY, AUGUST 24, 10:15 AM-10:45

Given by the WIO Board of Directors to a WIO member in honor of Dr. Bernice Brown, recipients have contributed to the profession of ophthalmology and to the advancement of women in the field. The honoree is asked to speak about her life, accomplishments and overcoming obstacles in her profession, offering inspiring real-life stories of professional growth and success in the practice of ophthalmology.

#### **FASIKA A. WORETA, MD, MPH**

Dr. Fasiqa Woreta is currently an Associate Professor in the Department of Ophthalmology and the Eugene de Juan Professor of Ophthalmic Education at the Johns Hopkins University School of Medicine. She received her M.D. degree from the Johns Hopkins University School of Medicine and M.P.H. degree from the Johns Hopkins Bloomberg School of Public Health. She completed her internship in internal medicine at the Johns Hopkins Hospital, followed by an ophthalmology residency at the Wilmer Eye Institute and a corneal fellowship at Bascom Palmer Eye Institute.

Dr. Woreta returned to Wilmer to serve as the fourth female Assistant Chief of Service from 2013 to 2014 and has been heavily involved in medical education since then. She serves as the ophthalmology residency director, Vice Chair of Education, and Director of the Eye Trauma Center at the Wilmer Eye Institute. Her national leadership roles include being chair of the National Medical Association Ophthalmology section, President of the Program Directors Council of the Association of University Professors of Ophthalmology, immediate past-president of the American Society of Ophthalmic Trauma, President-Elect of the Maryland Society of Eye Physicians and Surgeons, and chair of the Women in Ophthalmology Academic Outreach Committee.

Dr. Woreta has been the recipient of several awards including the Johns Hopkins Physician of the Year Award, the Johns Hopkins Institute for Excellence in Education Teaching Award, the Wilmer Eye Institute Most Promising Assistant Professor Award, and the Women in Ophthalmology Educators Award, and the Real World Ophthalmology Ophthalmologist of the Year Award.

Dr. Woreta has over 180 peer-reviewed publications in areas related to diversity, equity and inclusion, medical education, ophthalmic trauma, and quality improvement. She has been a passionate advocate for increasing diversity, equity and inclusion in ophthalmology and is currently co-chair of the Diversity, Equity and Inclusion Subcommittee of the Committee for Resident Education, chair of the DEI Committee of Cornea Society, a mentor in the Minority Ophthalmology Mentoring Program and Rabb-Venable Excellence in Research Program, and director of the Wilmer Summer Scholars Program for rising second year medical student without home ophthalmology programs or from financially disadvantaged backgrounds. She has mentored dozens of female medical students and residents over the last decade and has contributed to the formation of pathways programs to increase diversity in our field.

All CME Spotlight Sessions will be held in **Costa Del Sol A-E**.  
These symposia are intended for registered physician attendees only.

**RSVP to Stay Updated: [VindicoCME.com/CME-AT-WIO](http://VindicoCME.com/CME-AT-WIO)**

## **RETINA MASTER CLASS**

### Addressing Real-World Strategies for Management of **nAMD and DME**

Join us for a can't-miss **CME dinner session** at WIO, led by Drs. Judy E. Kim and Diana V. Do. Using Curbside Consults, a dynamic and interactive case-based platform, this session will highlight the appropriate selection of therapeutic regimens for patients with neovascular age-related macular degeneration (nAMD) and diabetic macular edema (DME). Learn from the latest clinical data regarding the safety and efficacy of anti-vascular endothelial growth factor (VEGF) therapies and the need to switch treatment strategies to manage resistance, nonresponse, relapse, or refractory disease. Come and gain valuable insights from leading experts in the field and engage in meaningful discussions!

#### **JUDY E. KIM, MD, FARVO, FASRS**

Jean and Tom Walter Distinguished  
Chair in Ophthalmology  
in Honor of James P. McCulley, MD  
Vice Chair of Education  
Medical Director of Clinical Research  
University of Texas Southwestern Medical Center  
Dallas, TX

#### **DIANA V. DO, MD**

Vice Chair for Clinical Affairs  
Professor of Ophthalmology  
Byers Eye Institute  
Stanford University School of Medicine  
Palo Alto, CA

This activity is supported by an independent medical education grant from Regeneron Pharmaceuticals, Inc.

Navigating the Future of

## **Inherited Retinal Diseases:**

Diagnostics and Emerging Therapies in Focus

Mark your calendar for an enlightening **CME breakfast session** at WIO! Join us as industry experts explore collaborative care strategies to enhance the diagnosis and management of inherited retinal diseases. Gain insights into the emerging gene therapies for inherited retinal diseases based on recent safety and efficacy data. Don't miss this chance to expand your knowledge and stay ahead in the field of retinal care!

#### **LEJLA VAJZOVIC, MD, FASRS**

Director, Duke Surgical Vitreoretinal Fellowship Program  
Co-Director, Duke Pediatric Retina and Optic Nerve Center  
Director, Duke Eye Center Continuing Medical Education  
Associate Professor of Ophthalmology With Tenure  
Adult and Pediatric Vitreoretinal Surgery and Diseases  
Duke University Eye Center  
Durham, NC

#### **CHRISTINE KAY, MD**

Director of Retinal Genetics Service and Shareholder  
Vitreoretinal Associates  
Affiliate Assistant  
Professor of Ophthalmology  
University of South Florida  
Tampa, FL

This activity is supported by an educational grant from Janssen Pharmaceuticals, Inc., administered by Janssen Scientific Affairs, LLC.

All CME Spotlight Sessions will be held in **Costa Del Sol A-E**.  
These symposia are intended for registered physician attendees only.

LUNCH**

**SATURDAY,  
AUGUST 24**

**7:00 – 8:00 AM  
BREAKFAST**

## Solving the TED Puzzle:

From Diagnosis to Decision-Making

Are you treating patients with thyroid eye disease (TED)?  
Join us for an exclusive **CME lunch session** at WIO, where our expert faculty will share the latest insights on disease burden and differential diagnosis. They will also assess the benefits and risks to support clinical decision-making in treating TED.

**LISA M. NIJM, MD, JD**

Founder  
Real World Ophthalmology & MDNegotiation  
Founder & CEO  
Warrenville EyeCare and LASIK  
Assistant Clinical Professor of Ophthalmology  
University of Illinois Eye and Ear Infirmary  
Chicago, IL

**ANA CAROLINA VICTORIA, MD, FACS**

Chief of Oculoplastic Surgery  
Center for Excellence in Eye Care  
Miami, FL

This activity is supported by educational funding provided by Amgen.

## Engaging New Options to Enhance Ocular Surface and Eyelid Health

Join us for a **CME breakfast session** at WIO! Drs. Lisa M. Nijm and Dagny Zhu will discuss management strategies that improve outcomes for patients with meibomian gland dysfunction, as well as the use of newer therapies that have demonstrated efficacy and safety in the treatment of dry eye disease.

**LISA M. NIJM, MD, JD**

Founder  
Real World Ophthalmology & MDNegotiation  
Founder & CEO  
Warrenville EyeCare and LASIK  
Assistant Clinical Professor of Ophthalmology  
University of Illinois Eye and Ear Infirmary  
Chicago, IL

**DAGNY ZHU, MD**

Cornea, Cataract, and Refractive Surgeon  
Medical Director and Partner  
HyperSpeed LASIK | NVISION Eye Centers  
Rowland Heights, CA

This activity is supported by educational grants from Oyster Point Pharma, Inc.; Tarsus Pharmaceuticals, Inc.; and Thea Pharma Inc.

All CME Spotlight Sessions will be held in **Costa Del Sol A-E**.  
These symposia are intended for registered physician attendees only.

**RSVP to Stay Updated:** [VindicoCME.com/CME-AT-WIO](https://VindicoCME.com/CME-AT-WIO)

**SATURDAY,  
AUGUST 24**

**12:00 – 1:00 PM  
LUNCH**

Novel Treatment Plans to Prioritize  
**Real-World Visual  
Improvements**  
in Patients With nAMD and DME

Join us for an exclusive **CME lunch session** at WIO, where experts will discuss the practical strategies, methods, and protocols derived from real-world evidence to improve the treatment of nAMD. Also, you can be part of an enlightening session as our speakers delve into evidence-supported, durable treatment strategies that emphasize safety and aim to enhance vision for individuals with DME. Don't miss this opportunity to enhance your understanding and stay at the forefront of retinal disease management.

**SOPHIE J. BAKRI, MD**

Chair, Department of Ophthalmology  
Whitney and Betty MacMillan  
Professor of Ophthalmology in  
Honor of Robert R. Waller, MD  
Mayo Clinic  
Rochester, MN

**DURGA BORKAR, MD, MMCI**

Assistant Professor of Ophthalmology  
Duke University School of Medicine  
Durham, NC

This activity is supported by an educational grant from Genentech, a member of the Roche Group.

8:05 AM – 8:45 AM	<p><b>Clinical Session II Unite: Teamwork Makes the Dream Work - Challenging Clinical Scenarios that We Solve as a Team</b> <b>LIVESTREAMED</b> Moderators: <i>Jesse Berry, Andrea Kossler</i></p> <ul style="list-style-type: none"> <li>• Cornea – <i>Speaker: Rebecca Metzinger</i></li> <li>• Oculoplastics – <i>Speaker: Amina Malik</i></li> <li>• Glaucoma – <i>Speaker: Yao Liu</i></li> <li>• General/Cataract – <i>Speaker: Eubee Koo</i></li> <li>• Retina – <i>Speaker: Lejla Vajzovic</i></li> <li>• Pediatrics – <i>Speaker: Sudha Nallasamy</i></li> <li>• Neuro-ophthalmology – <i>Speaker: Barbara Yates</i></li> <li>• Pathology/Oncology – <i>Speaker: Paty Chevez-Barrios</i></li> </ul>

## Virtual Program

8:50 AM – 9:35 AM	<p><b>Keynote Session II Unite: Trailblazers Leading with Impact in Ophthalmology</b> <b>LIVESTREAMED</b></p> <p>Moderator: <i>Lisa Nijm</i></p> <p>Speakers: <i>Tara Capalbo, Jennifer Cross, Adrienne Graves, Lisa Praeger, Andrew Stewart</i></p>
9:35 AM – 10:15 AM	<p><b>View Our Virtual Posters &amp; Surgical Videos!</b></p>
10:15 AM – 10:45 AM	<p><b>WIO Honorary Lecture &amp; Award</b> <b>LIVESTREAMED</b></p> <p>Shattering Glass Ceilings in Ophthalmology: An Educator’s Perspective</p> <p>Introduction: <i>Christina Weng</i></p> <p>Awardee: <i>Fasika Woreta</i></p>
10:45 AM – 11:05 AM	<p><b>Best Research Abstract Presentations &amp; Joanne Angle Award</b> <b>LIVESTREAMED</b></p> <p>Moderators: <i>Jennifer Galvin, Kimberly Winges</i></p> <ul style="list-style-type: none"> <li>Ophthalmic Images Generated by Artificial Intelligence: Erroneous and Non-representative – <i>Speaker: Vivian Hawn</i></li> <li>Long-term Non-conditional and Conditional Metastasis-free Survival of Uveal Melanoma by Tumor Size Category in 8034 Patients – <i>Speaker: Rolika Bansal</i></li> <li>Sexual Harassment in Ophthalmology: Updated Survey Results 5 Years Later – <i>Speaker: Michelle Cabrera</i></li> </ul>
11:05 AM – 11:50 AM	<p><b>Virtual Session IV: Clinical Pearls</b> <b>VIRTUAL ONLY</b></p> <p>Moderator: <i>Kathleen Schildroth</i></p> <ul style="list-style-type: none"> <li>SLT Best Practices – <i>Speaker: Lisa Nguyen</i></li> <li>Refractive Surgery Complications and Management – <i>Speaker: Sonal Tuli</i></li> <li>Imaging for Diagnosis of Melanoma vs Nevus – <i>Speaker: Lauren Dalvin</i></li> <li>Office Cosmetic Procedures: Neuro-toxins and Fillers – <i>Speaker: Ann Tran</i></li> </ul>
12:00 PM – 1:00 PM	<p><b>CME Spotlight Presentation</b> <b>LIVESTREAMED</b></p> <p>Novel Treatment Plans to Prioritize Real-world Visual Improvements in Patients with nAMD and DME</p> <p>Speakers: <i>Sophie Bakri, Durga Borkar</i></p>
1:05 PM – 1:45 PM	<p><b>Maternity &amp; Motherhood: Making the Magic Happen</b> <b>LIVESTREAMED</b></p> <p>Moderators: <i>Carla Bourne, Roma Patel</i></p> <ul style="list-style-type: none"> <li>Three Key Points to Egg Freezing – <i>Speaker: Felise Barte</i></li> <li>Top 5 Things I Wish I Knew about IVF – <i>Speaker: Shivani Kamat</i></li> <li>Planning for #2 or #3? – <i>Speaker: Safa Rahmani</i></li> </ul>
2:00 PM – 2:45 PM	<p><b>Visit Our Virtual Exhibitors!</b></p>
2:00 PM – 3:00 PM	<p><b>Virtual Session V: Examining Workforce Challenges in Ophthalmology – Where Do We Go from Here?</b></p> <p><b>VIRTUAL ONLY</b></p> <p>Moderator: <i>Jennifer Galvin</i></p> <p>Speakers: <i>Charline Boente, Smith Ann Chisholm, Jane Edmond, Stacey Kruger, Avital (Lily) Okrent Smolar</i></p>
3:00 PM – 4:00 PM	<p><b>Virtual Session VI: Global Ophthalmology – The Journey Home and Away: Navigating the Terrain of Global Ophthalmology</b> <b>VIRTUAL ONLY</b></p> <p>Moderator: <i>Cat Burkat</i></p> <ul style="list-style-type: none"> <li>How to Achieve Balance while Preparing for and Getting Involved in Global Ophthalmology and Tips for Success – <i>Speaker: Grace Prakalapakorn</i></li> <li>Family Planning, Infertility, and Global Health Endeavors – <i>Speaker: Katie Winkler</i></li> <li>Managing International Travel and Time Away from Your Family – <i>Speaker: Shannath Merbs</i></li> <li>Challenges of Women Ophthalmologists – <i>Speaker: Ava Hossain</i></li> </ul>

## Virtual Program

### SUNDAY, AUGUST 25, 2024

8:30 AM – 9:05 AM	<b>Session III Inspire &amp; Unite: Top Surgical Videos</b> LIVESTREAMED <i>Moderators: Janet Alexander, Jennifer Galvin</i>
9:05 AM – 9:50 AM	<b>Virtual Session VII: Coding Optimization – Tips to Help You Avoid Catastrophe</b> VIRTUAL ONLY <i>Moderator: Ramya Swamy</i> <ul style="list-style-type: none"> <li>• Glaucoma and Cataract – <i>Speaker: Ramya Swamy</i></li> <li>• Retina and Uveitis – <i>Speaker: Nirali Bhatt</i></li> <li>• Neuro and Plastics – <i>Speaker: Lilangi Ediriwickrema</i></li> </ul>
9:55 AM – 10:50 AM	<b>Communications Workshop</b> LIVESTREAMED <i>Speaker: Marsheila DeVan</i>
10:55 AM – 11:35 AM	<b>Keynote Session III Inspire and Unite: Personal and Professional Challenges</b> LIVESTREAMED <i>Moderator: Laura Enyedi</i> <ul style="list-style-type: none"> <li>• Resilience: Addressing Challenges Personally &amp; Professionally – <i>Speaker: Eileen Dolan</i></li> <li>• "Just Be Her Mom" - The Challenge of Family Health Crises – <i>Speaker: Alden Gregston</i></li> <li>• The Challenge of Patient Complications &amp; Shame – <i>Speaker: Michelle Cabrera</i></li> <li>• Bite-sized Gratitude – <i>Speaker: Laura Enyedi</i></li> </ul>
11:35 AM – 11:45 AM	<b>Meeting Wrap-Up</b> LIVESTREAMED <i>Anna Momont, WIO Program Committee Chair</i> <i>Janet Alexander, WIO Program Committee Co-Chair</i> <i>Christina Weng, WIO President</i> <i>Lisa Nijm, WIO CEO</i>

## On-Demand Content

<b>OMIC: Lessons Learned: When Safety Protocols Fail</b> VIRTUAL ONLY <i>Speaker: Jeannette Domask</i>
<b>Pediatric Uveitis: What You Need to Know!</b> VIRTUAL ONLY <i>Moderator: Jennifer Galvin</i> <i>Speaker: Virginia Utz</i>
<b>Representation of Women in Ophthalmology Subspecialty Societies</b> VIRTUAL ONLY <i>Moderator: Claudia Perez Straziota</i> <i>Speakers: Andrea Kossler, Kimberly Wings</i>
<b>Oculoplastics Skill Lab</b> AVAILABLE ON DEMAND AFTER THE MEETING <i>Lab Leader: Cat Burkat</i> <i>Instructors: Kimberly Cockerham, Melanie Erb, Seanna Grob, Femida Kherani, Ann Tran, Ana Carolina Victoria, Sandy Zhang-Nunes</i>
<b>Virtual Posters - Over 500!</b> Check-out the latest work from your peers!
<b>Surgical Videos</b> Watch the latest surgical techniques in videos produced by your colleagues!
<b>Virtual Exhibit Hall</b> Visit the strongest supporters of women in our field in our Virtual Exhibit Hall!

### RARO ABUGO

With more than 13 years of professional expertise, Raro Abugo, the CEO of RAC Strategies, leads a premier full-service consulting agency specializing in the healthcare, hospitality, and beauty industries. At RAC Strategies, they understand the unique challenges faced by medical professionals in today's digital

landscape. They are dedicated to elevating your brand's presence through tailored social media strategies, strategic influencer partnerships, and engaging experiential marketing. Their approach ensures that your medical expertise is communicated effectively, reaching your target audience with precision and impact. Learn more at [weareracstrategies.com](http://weareracstrategies.com)

### USIWOMA ABUGO, MD

Dr. Abugo is a board-certified ophthalmologist that currently practices Orbital and Facial Cosmetic Surgery in Maryland. She is an avid researcher but through her journey to this point in her career she has never been able to forget her mentors. Because of this, Dr. Abugo has created an active social media mentoring platform

under @MentorMeMD where she mentors many healthcare professionals. Through the AAO/AUPO/MOM program she avidly mentors the next generation. Dr. Abugo has guided many high school/medical school/residents who have dreams for excellence in medicine.

### ANTHONY AGONI, BS, MBA, CLU, ChFC

Anthony A. Agoni has served as a Financial Planner for 25 years in Newport Beach, CA. Prior to this, he was a Vice President of Citibank in its Real Estate Investment Bank and a field construction manager for New York City. He was President of the Orange County Estate Planning Council. In 2017

Anthony was awarded the prestigious Alumni Medal by

Columbia U. Anthony has an MBA in Finance and a BS in Civil Engineering from Columbia U., both with Academic Honors with Distinction. He also earned the Chartered Life Underwriter and Certified Financial Consultant degrees from the American College and the Retirement Planning Specialist professional designation from Wharton.

### MICHELLE AKLER, MD

Michelle Akler, MD, CIYT is a comprehensive ophthalmologist in solo private practice for 25 years and became a Certified Iyengar Yoga Teacher (CIYT) in 2021. She is interested in ergonomics, wellness and specifically how practicing yoga can improve ergonomics in the clinic and OR and foster mental well-being. Her 15-minute yoga

video for ophthalmologists (<https://www.youtube.com/watch?v=xvKOZII6API&t=38s>) has been shown to reduce pain scores in the neck, shoulders, and upper and lower back. She speaks on yoga and ergonomics at national and regional meetings.

### TERI AKPOVI, MPP

Teri Akpovi is a seasoned human resource professional. She has 10 years of experience working with large, midsize, and start-up organizations. Teri creates and implements strategies to enhance employee engagement and retention. She believes people are the most valuable assets in an organization. Thus, it is important

to create an environment where the employees know they matter. Teri earned her Bachelor of Arts degree in journalism (public relations) from California State University, Northridge, and her Master of Public Policy degree from Pepperdine University. She has traveled to 18 countries. She enjoys empowering others and connecting with people from all walks of life.

## Participant Biographies

### JANET ALEXANDER, MD

Dr. Janet Alexander is a pediatric ophthalmologist and clinician scientist at the University of Maryland School of Medicine in Baltimore. Her research specializes in congenital cataracts, glaucoma, and retinopathy of prematurity. Committed to mentorship and reducing health disparities, Dr. Alexander actively works towards

enhancing equity in ophthalmology. She has been a member of Women in Ophthalmology since 2021 and is excited to serve as the Summer Symposium Co-Chair for 2024.

### ERICA ALVAREZ GONZALEZ, MD

Dr. Erica Alvarez Gonzalez is a graduate of Texas Tech University Health, Ophthalmology Residency at Howard University, and double fellowship training at The Ohio State University. Dr. Alvarez offers her expertise in treating cancers of the eye including primary vitreoretinal lymphoma, uveal melanoma,

conjunctival melanoma, as well as metastatic diseases to the eye. As a Retina specialist, Dr. Alvarez has experience in treating various vascular and proliferative conditions of the eye. Previous Academic Faculty at Texas Tech she now owns her own private practice Ocular Oncology and Medical Retina P.A. in El Paso, Texas.

### BARBARA ARNOLD, MD

Dr. Barbara Arnold is Clinical Professor of Ophthalmology at UC Davis, in Sacramento, CA where in addition to serving on the volunteer faculty, she is in full-time private practice. She is a past president of WIO and the founder of the Summer Symposium, beginning in 1998. She loves sharing her passion for painting and received the

inaugural Compassionate Service Award from the California Medical Association in recognition of her efforts in teaching watercolor painting to students with visual disabilities (legally blind). She has been teaching painting classes at the Crocker

Art Museum since 2012. Barbara encourages others to take up painting and explore the spontaneity of expression.

### ANALISA AROSEMENA, MD

Dr. Analisa Arosemena is a board-certified ophthalmologist currently in practice in Miami Florida. She completed her residency at Tulane University in New Orleans and continued to do a Glaucoma and Anterior Segment fellowship under the mentorship of Dr. Ramesh Ayyala. Since 2006 she has been practicing in Miami at Aran Eye

Associates, the largest ophthalmology practice in South Florida with over 43 doctors. With over 30,000 glaucoma, cornea, and complex cataract procedures to date, Dr Arosemena is passionate about preventing vision loss. As the only glaucoma specialist, the importance of early detection and treatment has become evident, and the need for early intervention using laser and MIGS and traditional surgery has moved her to be an early adapter, speaker, and advocate both in the USA and internationally.

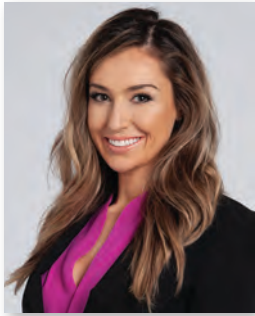

### PENNY ASBELL, MD, MBA, FARVO

Dr. Asbell is committed to "improving sight and `empowering lives" through contributions to education and mentoring, clinical and translational research, patient care, and innovative collaborations. She has held tenured professorships at Mount Sinai in New York, and UTHSC in Memphis,

and leadership positions in academia and many professional societies, including the first President of WIO, Inc., President of CLAO/ECLA, Editor in Chief of ECLA journal, inaugural editor for the Cornea Section for AAO Eyewiki, and has been Study Chair and/or PI for many clinical trials including HEDS, ZEDS, DREAM, Intacs, CXL, and ARMOR. She has published over 300 peer-reviewed articles.

## Participant Biographies

### NICOLE BAJIC, MD

Dr. Bajic is an assistant professor at Cleveland Clinic Lerner College of Medicine and practices comprehensive ophthalmology at Cole Eye Institute, where she also serves as the Director of Communications.

### SOPHIE BAKRI, MD, MBA

Sophie J. Bakri, MD, MBA is Chair of the Department of Ophthalmology at Mayo Clinic, Rochester, MN, and holds the Whitney and Betty MacMillan Professorship in Ophthalmology in Honor of Robert R. Waller, MD. Dr. Bakri completed a vitreoretinal surgery fellowship at the Cleveland Clinic Foundation and ophthalmology residency at

Albany Medical College, New York. She graduated from the University of Nottingham Medical School, England. She holds an MBA from the Wharton School, University of Pennsylvania. She has authored over 220 peer-reviewed papers and 30 book chapters. She is a principal investigator on numerous multicenter clinical trials and has received several awards.

### ROSA BALCELLS, MD

Oculoplastic and Orbital Surgery Specialist President elected of the Chilean Society of Ophthalmology Born in Santiago Chile, Dr. Balcells Completed her Medical Training and Ophthalmology Residency at Universidad De Chile, then she moved to Cincinnati USA, where she completed a two-year fellowship training program in Oculoplastics

and Orbital Surgery Doctor Balcells works in Santiago, Chile, where she spends half time at University Public Hospital and in private practice. Adjunct Faculty in the National Ophthalmology Residence Program, Assistant professor at Universidad de Chile, Doctor Balcells is the President of the Chilean Society of Ophthalmology.

### ROLIKA BANSAL, MD

Rolika Bansal, MD is currently an Ocular Oncology Fellow training under Dr. Carol L. Shields at the Wills Eye Hospital, Philadelphia. Previously, after her residency, she pursued her fellowship in Oculoplasty and Ocular Oncology and worked as a clinical associate under the preceptorship of Dr. Santosh G. Honavar in India. Even

though in the initial phase of her career, pertaining to her interest in research, she has published several articles in peer-reviewed journals, including a special series on the legendary lives of "Women in Ophthalmology". She continues to embark on her journey in the field of ocular oncology and oculoplasty and is thankful to her mentors and well-wishers along the way.

### MONIQUE BARBOUR, MD, MHA

Dr. Monique M. Barbour is a dedicated physician executive with an academic and clinical profile fulfilling administrative, academic, and clinical roles. She has that winning combination of board certification with twenty years of clinical practice experience in ophthalmology combined with academic teaching positions. She

graduated with honors from Howard University College of Medicine, and she completed her ophthalmology residency at Albert Einstein College of Medicine, Bronx Lebanon Hospital Center. She completed a glaucoma fellowship at Georgetown University in Washington, DC. She has also received an Executive Master's Degree in Health Administration from Florida Atlantic University.

### FELISE MAY BARTE, MD

Dr. Barte is a board-certified, fellowship-trained ophthalmologist. She earned her medical degree from the Loyola University Stritch School of Medicine and completed her ophthalmology residency at the Kresge Eye Institute in Michigan. She finished a Glaucoma fellowship at the University of Texas

## Participant Biographies

Southwestern Medical Center. Dr. Barte is a high-volume private practice clinician/surgeon. Dr. Barte is a published author and has spoken at numerous local and national research conferences. Dr. Barte froze her eggs in her early 30s at the very beginning of her medical career. She is blessed with one young daughter. All of her frozen eggs are still stored.

**JESSE BERRY, MD**

Jesse L. Berry, MD is an Associate Professor of Ophthalmology, Director of Ocular Oncology, and Vice Chair of Surgery for Academic Affairs Children's Hospital Los Angeles and the USC Roski Eye Institute. She received her undergraduate and medical degree from Harvard University followed by ophthalmology and

fellowship training at USC. Dr. Berry is the founder of Women in Ocular Oncology and President-elect of the International Society of Ocular Oncology. Her clinical expertise focuses on retinoblastoma and uveal melanoma. She holds the A. Linn Murphree, MD Chair in Retinoblastoma and the Berle and Lucy Adams Chair in Cancer Research. She has pioneered the development of the aqueous humor as a liquid biopsy for retinoblastoma and is supported by the National Cancer Institute.

**NIRALI BHATT, MD**

Nirali Bhatt specializes in the treatment of ocular inflammatory disorders and medical retinal disease, including scleritis, non-infectious uveitis, and infectious uveitis. She did her residency training at the University of Maryland and fellowships in uveitis and medical retinal disease at the National Institutes of Health. She is

the Director of the Ocular Inflammatory Disease service at the Scheie Eye Institute at the University of Pennsylvania School of Medicine and assistant section chief of ophthalmology at the Corporal Michael J. Crescenz VA Medical Center. She enjoys traveling, running, and spending time with her husband and two daughters.

**CHARLINE BOENTE, MD, MS**

Dr. Charline Boente is a Clinical Associate Professor of Ophthalmology and pediatric ophthalmologist at Indiana University. She is the residency program director at IU and serves on many local and national committees including currently serving as the Vice Chair of the AAPOS Recruitment Task Force.

Dr. Boente attended Tufts University for her undergraduate and graduate degrees in Environmental Engineering. She completed medical school at U of Illinois, followed by a residency at Case Western, then a pediatric ophthalmology fellowship at Indiana University. Her clinical interests include pediatric anterior segment diseases, strabismus, and corneal neurotization for neurotrophic keratopathy.

**DURGA BORKAR, MD, MMCI**

Dr. Durga Borkar is a vitreoretinal surgeon and Associate Professor of Ophthalmology at Duke University. Her academic interests include clinical outcomes research utilizing large administrative datasets. She has co-authored over 60 peer-reviewed publications and numerous book chapters. She is the recipient of several awards,

including the WIO Emerging Leader Award, the Heed Foundation Fellowship, the Society of Heed Fellows Award, and the AAO Advocacy Ambassador Award. Dr. Borkar completed her medical school training at Northwestern University. After a general ophthalmology residency at Massachusetts Eye and Ear, she completed her vitreoretinal surgery fellowship at Wills Eye Hospital.

**CARLA BOURNE, MD**

Dr. Carla Bourne, past Program Chair for the WIO Summer Symposium and 2023 WIO Recognition of Service Awardee, completed Ophthalmology Residency and Medical School at Howard University and Glaucoma Fellowship at Ophthalmic Consultants of Boston/Tufts

## Participant Biographies

Medical Center. She staffed residents and fellows at the James A. Haley Veterans' Hospital and University of South Florida in Tampa and introduced MIGS techniques at the VA in Orlando. Her previous positions at USF include Ophthalmology Medical Student Clerkship Director, Collegium Director for their Career Advising program and Principal Investigator. She is from Barbados and enjoys traveling to lecture nationally and internationally.

### CAT BURKAT, MD, FACS

Dr. Cat Burkat is Professor & Co-Director of UW-Madison Global Ophthalmology, AAO EyeWiki Editor-in-Chief, and current ASOPRS Fellowship Education Director. She has written > 90 book chapters, Editor of 6 oculo-facial books, & directed over 80 AAO courses. She was ASOPRS Scientific Program Chair, AAO Oculofacial

Subspecialty Day Program Chair, ABO Chair, received the AAO Senior Achievement and Secretariat Awards, and on Program Committees for WIO, World Ophth Cong, World Society OPRAS, AAO Global Ophth Summit. Recent honors: 2022 UW Women of Color Award, ASOPRS 2022 Service Award, ASOPRS 2022 Stasiar Leadership Award, ASOPRS 2022 + 2024 Outstanding Contribution Awards, 3 Vegas Maverick Awards.

### MICHELLE CABRERA, MD

Michelle "Mimi" Cabrera is Professor of Ophthalmology at the University of Washington (UW) and Head of Ophthalmology at Seattle Children's Hospital. After receiving her undergraduate degree from Stanford University, Mimi completed medical school and ophthalmology residency at UCSF, followed by a pediatric ophthalmology fellowship

at Duke. She served as Chair of the UW Dean's Standing Committee for Women in Medicine and Science from 2020-2023. Her research interests include handheld OCT in ROP, and she is an internationally recognized leader in the prevention of sexual harassment in ophthalmology, earning her the Women in Ophthalmology Champions for Change Award and the AAO Achievement Award.

### ANITA CAMPBELL, MD

Dr. Campbell completed a residency at the University of Kansas Ophthalmology Department and a fellowship at The Ohio State University. She practiced in Wichita, Kansas for 8 years. As one of the few glaucoma specialists in western Kansas, she treated all stages of cataracts and glaucoma, including very complex glaucoma cases.

Additionally, she participated in numerous clinical research initiatives that resulted in published articles and presentations at national and international conferences. This year, she joined Stiles Eyecare Excellence in Overland Park, Kansas for her children to grow up with their extended family. She continues to serve western Kansas through satellite clinics.

### TARA CAPALBO, MBA

Tara Capalbo is an accomplished biopharmaceutical leader with 25 years of commercial experience across pharmaceuticals, medical devices, buy and bill, at large global Fortune 500 organizations and smaller privately held companies. Currently, she leads the Glaucoma and the Ocular Surface Disease businesses at AbbVie. She is

currently on the American Glaucoma Foundation Advisory Board and was awarded the Healthcare Businesswomen's Association Luminary Award in 2021. She has an undergraduate degree in Human Biology from Stanford University and an MBA from UCLA Anderson School of Management.

### SARAH CARBALLO, MD

Sarah Carballo, MD, currently works for the Medical College of Wisconsin Department of Ophthalmology & Visual Sciences as an assistant professor of ophthalmology, specializing in cornea and external disease. Originally from the Milwaukee area, she completed her medical education at Chicago Medical School at Rosalind Franklin University and her ophthalmology residency at Rush

## Participant Biographies

University in Chicago. Most recently, Dr. Carballo completed her fellowship in cornea and external disease at Cincinnati Eye Institute. She is excited to be back home in Wisconsin, but loves an excuse to travel, especially to beautiful cities to connect with fellow WIO.

### **YARA CATOIRA-BOYLE, MD**

Dr. Yara Catoira-Boyle has been in practice since 2003 after completing a Glaucoma fellowship at Mt. Sinai School of Medicine, NYC. She was on faculty with the Department of Ophthalmology at the Indiana University School of Medicine until 2016, and in 2017 took the position of Chief of Ophthalmology at the Indianapolis

VA Medical Center. In 2020, she moved to solo private practice, by starting the Visionary Eye Specialists. She has attended the WIO summer symposium for over a decade and looks forward to networking and learning from her colleagues each year.

### **MEENAKSHI CHAKU, MD**

Dr. Meenakshi Chaku is a Professor of Ophthalmology at Loyola University Chicago and an attending staff physician at the Edward Hines, Jr. VA hospital. She is also the Director of the Glaucoma Service for Loyola University Medical Center and the Edward Hines, Jr. VA Hospital. She also serves as the Director of CME Programs and

DEI Advocate for the Department of Ophthalmology. Her interests are glaucoma patient education and screening as well as medical and surgical advancement in glaucoma, with a special interest in resident education.

### **XUEJING CHEN, MD**

Xuejing Chen, MD, MS is an Assistant Professor of Ophthalmology at the Chobanian and Avedisian School of Medicine, specializing in the medical and surgical management of vitreoretinal diseases. Dr Chen

received her undergraduate degree in electrical and computer engineering with honors at the California Institute of Technology and her master's degree in computer science at Carnegie Mellon University. She completed medical school at Yale, residency at UCLA, and a fellowship at Tufts/Ophthalmic Consultants of Boston. She has special interests in medical technology and innovations, health disparities, surgical outcomes, and global health. She has over 40 publications in peer-reviewed journals.

### **NATALIE CHEUNG, MS, MD**

Dr. Natalie Cheung is the Associate Chief of Ophthalmology at the Louis Stokes Cleveland VA Medical Center and Assistant Professor at the Case Western University School of Medicine. She specializes in cornea and external diseases and anterior segment and cataract surgery. She is passionate about providing exceptional care in ophthalmology

to veterans. Dr. Cheung also serves as core faculty of the University Hospitals/Case Western ophthalmology residency program. Dr. Cheung has strong interests in teaching, residency education, mentoring, and supporting female residents and ophthalmologists.

### **PATRICIA CHEVEZ-BARRIOS, MD**

Dr. Chévez-Barrios is trained in Ophthalmology and Pathology with 3 fellowships. She works at Houston Methodist Hospital as a Professor of Pathology and Ophthalmology at Weil Cornell Medical College and adjunct professor at BCM and MDACC. She has published more than 100 peer-reviewed articles,

and several book chapters and is an Editor of peer-reviewed journals and lectures in the fields of Ophthalmic Pathology and Retinoblastoma. She is co-founder and co-director of the Retinoblastoma Center of Houston. Her research interest includes Retinoblastoma and the study of microgravity effects in the eye (NASA). She enjoys teaching and spends most of her time mentoring trainees.

## Participant Biographies

### ELIZABETH CHIANG, MD, PHD

Dr. Elizabeth Chiang, otherwise known as Elisa, is an oculoplastic surgeon as well as a certified life coach. She is the founder of Grow Your Wealthy Mindset, where she helps physicians move towards a life they love and figure out how to fund that life. Her mission is to help physicians practice medicine because they want to and not

because they financially have to. Elisa also hosts the Grow Your Wealthy Mindset Podcast, the Wealthy Mindset MD YouTube channel, and speaks on various topics involving personal finance, investing, and burnout.

### MICHAEL CHIANG, MD

Michael F. Chiang is Director of the National Eye Institute, at the National Institutes of Health in Bethesda, Maryland. By background, he is a pediatric ophthalmologist and is also board-certified in clinical informatics. His research focuses on the interface of biomedical informatics and clinical ophthalmology in areas

such as retinopathy of prematurity (ROP), telehealth, artificial intelligence, electronic health records, data science, and genotype-phenotype correlation. He came to the NIH in 2020 and serves as Chair or Member of multiple NIH-wide committees involving data science, imaging, health equity, and clinical research. He is an elected member of the National Academy of Medicine.

### ANTHONY CHIN LOY, MD, MPH

Anthony Chin Loy has trained in Brazilian Jiu-Jitsu since 2007 while attending Howard Medical School. He began training in Maryland, focusing on self-defense, and continued training in Orange County, California, before returning to the DC area. He has cross-trained in MMA and believes in empowering all through martial arts. As a

Preventive Medicine Physician, he incorporates ancestral medicine and functional movements as the base of patient

education and disease management. He currently holds a Brown Belt under Joshua Peters at College Park MMA.

### KATRINA CHIN LOY, MD

Katrina C. Chin Loy, MD is a comprehensive ophthalmologist in the DC Metropolitan area. She received her MD at Howard University College of Medicine and chose to stay at Howard for her ophthalmology residency training, after an intern year at University of California Irvine. Dr. Chin Loy is passionate about resident

education, wellness, advocacy, and disparities in healthcare. These passions are reflected in her various roles as a member of AAO's Minority Ophthalmology Mentoring (MOM) Program subcommittee, immediate past president of Washington DC Metropolitan Ophthalmological Society, former Residency Program Director at Howard University Hospital (HUH), and HUH Well-Being Chair.

### SMITH ANN CHISHOLM, MD

Smith Ann Chisholm, MD is an assistant professor of ophthalmology at the Medical College of Wisconsin where she practices pediatric ophthalmology and oculoplastic surgery. She is the section chief for pediatric ophthalmology at Children's Wisconsin and is the pediatric ophthalmology fellowship director.

She is dedicated to medical education on all levels and particularly enjoys surgical teaching. One of her main passions is recruiting people to the amazing field of pediatric ophthalmology. Outside of work, she enjoys running, biking, traveling, and spending time with her family.

### HANNAH CHIU, MD, FRCSCS

Dr. Hannah Chiu is a comprehensive ophthalmologist in Toronto, Canada. She is an Assistant Professor in the Department of Ophthalmology and Vision Sciences at the University of Toronto where she is the director of the pre-clerkship curriculum

## Participant Biographies

for second year medical students. She is also an Associate Professor (Clinical Adjunct) in the Department of Surgery, Division of Ophthalmology at McMaster University where she is the lead for elective rotations for medical students in ophthalmology. Running after her toddler is her most important job. In her spare time, she can be found on her Peloton.

**YVONNE CHU, MD, MBA**

Dr. Yvonne Chu is a Professor of Ophthalmology at Baylor College of Medicine. She is the Deputy Eye Care Line Executive at the Michael E. DeBakey Veterans Administration Medical Center (MEDVAMC). Prior to joining the MEDVAMC, Dr. Chu was Chief of Ophthalmology at Ben Taub Hospital and Medical Director of Eye Care Services at Baylor

Affiliated Community Health Center Eye Services at Harris Health System from 2003 to 2021. Dr. Chu's clinical interests include medical and surgical treatment of glaucoma in adults, and cataract surgery combined with minimally invasive glaucoma surgery. She has a special interest in teaching and has been twice recognized with the Dan B. Jones Teaching Award.

**SOPHIA CHUNG, MD**

Sophia Chung, MD, is Clin. Professor at the University of Iowa Departments of Ophthalmology & Neurology. She held the Walter and Sharon Ryan Davisson Endowed Professorship of Ophthalmology at Saint Louis University SOM having served for 30 years. She attended Duke University for undergraduate & medical school & completed her

ophthalmology residency & neuro-ophthalmology fellowship at Baylor College of Medicine. Dr. Chung is an Emeritus Board Director of the American Board of Ophthalmology, past VC for the ACGME RRC for Ophthalmology & Fellow of NANOS. She was awarded the NANOS Merit Award in 2021 and has won 5 teaching awards. She has served as PI on 3 NEI multi-center trials.

**KIMBERLY COCKERHAM, MD**

Dr. Cockerham's time in the military taught her to honor and respect her patients and their families and to understand the larger role physicians can play in a community. She remains very committed (through her foundation Let's Face It Together) to helping the underinsured and their families rebuild their lives.

**JENNIFER CROSS**

Jennifer Cross is the Senior Director of Field Marketing at Dompé. Throughout her nearly 15 years in the eye care industry, Jennifer has distinguished herself as a compassionate leader with a mission to build collaborative and supportive teams as demonstrated through each of her senior roles in sales, sales training, marketing, and market development. Leaning into her passion to instill confidence in women leading to a positive community of women leaders, Jennifer focuses on recognizing each person's unique abilities and contributions to continuously produce innovative solutions in biotech marketing.

**LAUREN DALVIN, MD**

Dr. Lauren A. Dalvin is an Ocular Oncologist and Associate Professor of Ophthalmology with a joint appointment in Medical Oncology at Mayo Clinic. She has over 150 peer-reviewed publications and was awarded a KL2 grant to support research on transcriptomic and epigenomic approaches for uveal melanoma drug discovery. Dr.

Dalvin serves on the editorial board for CJO, IOVS, and AAO's EyeNet magazine, and she serves as an examiner for the American Board of Ophthalmology. Dr. Dalvin is passionate about multidisciplinary, team-based eye cancer care and advancing the field through quality clinical and translational research.

## Participant Biographies

### MARSHEILA DEVAN, MBA

Marsheila DeVan is an Independent Consultant and Communication Specialist with over 25 years of training experience. She is the Founder of MD Communications and specializes in coaching client to present powerfully and persuasively with confidence. Her expertise includes working within the pharmaceutical and

medical industries, concentrating on professional speaker development, interpersonal skills improvement, meeting moderation, media training, curriculum development, one-to-one coaching and most recently prepping witnesses for Virtual Court. Marsheila holds a BA in Political Science from the University of California, Los Angeles and a Masters of Business Administration from UC Irvine.

### MARIE A. DI NOME, MD

Marie A. Di Nome, MD neuro-ophthalmologist at Mayo Clinic AZ provides neuro-ophthalmic patient care as part of the Neuroscience multidisciplinary tumor team. She has held numerous leadership roles and serves on various national committees. Her true passion is creating awareness about the competence and abilities of

people with visual impairments. She leads the Mayo Vision Appreciation campaign and seeks job resources for visually impaired persons. She created the Vision Awareness Program to teach children about vision, vision safety, and how blind people perform activities of daily living. Dr Di Nome hopes her enthusiasm to empower the lives of visually impaired persons becomes contagious.

### DIANA DO, MD

Diana V. Do, MD, is Professor of Ophthalmology and Vice Chair for Clinical Affairs at the Byers Eye Institute, Stanford University. In addition, she is the Clinic Chief of Ophthalmology at Stanford Health Care. She is an internationally recognized physician who specializes in the surgical and

medical treatment of retinal disorders. Dr. Do is a board-certified ophthalmologist and is an expert in the management of age-related macular degeneration, diabetic retinopathy, vein occlusion, retinal detachment, macular hole, infections, cataract, and epiretinal membrane. She has been selected as a "Top Doctor" in the Bay Area, and she has been voted as one of the "100 Top Women in Ophthalmology".

### EILEEN DOLAN, MBA

Eileen Dolan is currently Director of Professional Marketing within the Consumer Division at Bausch + Lomb. Over her 20+ year career, she has held positions in leading commercialization of over-the-counter products, consumer packaged goods, and medical devices for Fortune 500 companies. Eileen is passionate about driving

innovation within the eye care industry to help achieve the best patient outcomes possible.

### JEANNETTE DOMASK, MPH, CPHRM

Jeannette Domask, a professional with over two decades in the field of risk management and medical malpractice litigation. Jeannette brings a wealth of experience to the forefront of healthcare risk management. Currently serving as a Risk Manager of Ophthalmic Mutual Insurance Company, Jeannette is

involved in providing guidance and education to physicians to mitigate risks in their practice. She was recently in a risk management and patient safety role in a hospital and was involved in investigations of events, including facilitating root cause analysis processes to develop action plans to improve patient safety.

## Participant Biographies

### LILANGI EDIRIWICKREMA, MD

Dr. Lilangi Ediriwickrema is a board-certified UC Irvine ophthalmologist who specializes in ophthalmic plastic and reconstructive surgery, neuro-ophthalmology, and orbital disease. She received her medical degree from the Yale School of Medicine. She completed an internship at Memorial Sloan Kettering Cancer Center and a

residency in ophthalmology at USC + Los Angeles County Medical Center, where she was chief resident. She also completed a fellowship in neuro-ophthalmology and orbital disease at Johns Hopkins University's Wilmer Eye Institute, followed by an ASOPRS ophthalmic plastic and reconstructive surgery fellowship at the Shiley Eye Institute at UC San Diego.

### JANE EDMOND, MD AAO PRESIDENT

Dr. Jane Edmond is the Wong Family Distinguished University Chair and Professor, Department of Ophthalmology, Director of the Mitchel and Shannon Wong Eye Institute, and Interim Vice Dean for Professional Practice, Dell Medical School at The University of Texas at Austin. Beginning in January 2024,

Dr. Edmond serves as President of the AAO. Her clinical and academic focus has been pediatric neuro-ophthalmology, the ophthalmic impact of craniosynostosis and pediatric brain tumors, and complex strabismus in adults and children. Dr. Edmond is widely published and lectures frequently at national and international conferences.

### LAURA ENYEDI, MD

Dr. Enyedi is a Professor of Ophthalmology and Pediatrics at Duke University, where she was an undergraduate, resident, and fellow. She graduated from the UNC School of Medicine with Distinction and AOA Honors. She has been honored as a "Best Doctor," and trained >150 residents and >50 fellows. Dr. Enyedi currently serves

as WIO's Councilor to the AAO, the pediatric ophthalmology and strabismus editor for the ONE Network, on the editorial board of EYENET, and as clinical spokesperson for the AAO. She has been honored with achievement awards from AAPOS, WIO, and the AAO, including two AAO Secretariat Awards. She also co-hosts the "Mend the Gap: Equity in Medicine" podcast.

### MELANIE ERB, MD

Dr. Melanie Erb is an Oculofacial plastic surgeon in a solo private practice in Irvine, CA. She was born and raised in CA. She earned her BA at UCLA and MD at UC Irvine. She powered through her Surgery internship and Ophthalmology residency at UCI. She soared through her ASOPRS fellowship under preceptor Steven Dresner

and continued in practice at Eyestetica while also serving as an adjunct preceptor for the ASOPRS fellowship. Now in solo private practice, her practice mainly focuses on upper and lower blepharoplasty, fillers, neurotoxins, ptosis repair, browlift, energy-based therapies, and Asian blepharoplasty.

### CAROLE FOOS, CPA

Carole Foos is a Certified Public Accountant (CPA) and tax consultant to OJM Group clients, including physicians, professionals, and their businesses. Carole has over 25 years of experience in accounting, tax planning, and financial consulting. She was formerly a manager in the tax department of a Big 4 firm and

spent several years in public accounting at local firms. Carole is a co-author of more than a dozen financial resources, including Wealth Planning for the Modern Physician, Wealth Management Made Simple, and Wealth Strategies for Today's Physician. She has also authored numerous articles and presented lectures, webcasts, and podcasts on tax planning and wealth management.

## Participant Biographies

### JENNIFER GALVIN, MD

Pediatric ophthalmologist and strabismus specialist with interest in teaching and mentorship and providing outstanding clinical and surgical care to patients. Clinical investigator (PI) with PEDIG for 12 years and counting. An active member of AAPOS and Chair of the Digital Education Committee--getting the word out about how

awesome pediatric ophthalmology is through social media platforms and the 'Little Eyes, Big Topics' podcast. She loves being a part of the WIO community--learning from colleagues, seeing mentees grow & flourish, and meeting new colleagues.

### BRIA GEORGE, PHARM D

Bria George is a fourth-year medical student at the Florida International University Herbert Wertheim College of Medicine, currently serving as co-host for the Medical Student Mingle 2024. She attended her first Summer Symposium in 2021 as a rising 2nd-year medical student. She has been fortunate to serve on the WIO Young

Ophthalmologist Committee since 2022. Her passion has not wavered, and she is currently applying for an ophthalmology residency. Bria is passionate about advancing eye care and advocating for women in medicine. She enjoys traveling, event planning, and creating custom gifts. Bria is inspired daily by her two young daughters.

### NINA GOYAL, MD

Nina Goyal, MD is a physician partner at University Ophthalmology Associates and an attending physician at Rush University. Dr. Goyal specializes in complex cataract surgeries and the medical and surgical management of glaucoma, including expertise in Minimally Invasive Glaucoma Surgery (MIGS) techniques. Dr.

Goyal is a member of numerous professional and community organizations and has served as a course instructor at the

American Academy of Ophthalmology courses, earning her an Achievement Award. She currently serves as president of the Illinois Society of Eye Physicians and Surgeons and has participated in glaucoma and cataract surgical mission trips to Honduras.

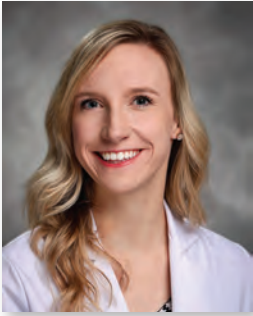

### ADRIENNE GRAVES, PHD

Dr. Adrienne Graves is a visual scientist by training and a global industry leader in ophthalmology. Dr. Graves was CEO of Santen Inc (2002-2010) following 7 years there as Sr VP of Worldwide Clinical Development. She previously spent 9 years at Alcon, where she built a Retinal Electrophysiology Lab, directed clinical development,

and served as Director of International Ophthalmology. Dr. Graves was Chairman of the Board at Iveric Bio until their 2023 acquisition by Astellas and is currently on the Board of Directors at Ocular Therapeutix, Harrow, Qlaris Bio, Surface Ophthalmics, Opus Genetics, NVasc, JelliSee, and Implandata. She previously held board positions at Nicox (2014-2024), Encore Vision (acquired by Novartis), Envisia (assets acquired by Aerie), TearLab (now Trukera), Aerpio, and Akorn. Dr. Graves also serves on the boards of the following Foundations: American Society of Cataract and Refractive Surgeons (ASCRS), Glaucoma Research Foundation (GRF), American Academy of Ophthalmology (AAO; Emeritus), Retina Global, Himalayan Cataract Project, Foundation Fighting Blindness (FFB), and was a founding board member of OWL (Ophthalmic World Leaders, formerly Ophthalmic Women Leaders). She is Chairman of the RD (Retinal Degeneration) Fund, the venture arm of FFB, and she Co-founded Glaucoma 360. Her recent honors include the Visionary Award (FFB), Catalyst Award (GRF), Visionary Award (OWL), Bernice Brown Memorial Lecture Award (Women in Ophthalmology), and The Ophthalmologist 2021 and 2023 Power Lists. Dr. Graves received an AB with Honors in Psychology from Brown University, a PhD in Psychobiology from the University of Michigan, and completed a Postdoctoral Fellowship in Visual Neuroscience at the University of Paris. She is a Visionary Innovation Mentor for the Ophthalmic Innovation Program at Stanford.

## Participant Biographies

### ALDEN GREGSTON, MD

Alden Gregston, MD, originally from East Texas, completed her medical degree and undergraduate studies at Texas A&M University, followed by an ophthalmology residency at UT Southwestern in Dallas. She further specialized in Pediatric Ophthalmology and Strabismus with a fellowship at the Duke Eye Center in North Carolina. She is excited to

join Heaton Eye Associates, a multi-specialty private practice in East Texas this year. Outside the realm of her profession, she enjoys the simple pleasures of life, spending time with her husband and two daughters, hiking, baking, and making the most of sunny days outdoors.

### SEANNA GROB, MD, MAS

Seanna Grob is an Associate Professor of Ophthalmology and an oculoplastic surgeon at the University of California, Irvine. Prior to joining UC Irvine, she was the Academic Director of Oculoplastics at UCSF and the Ophthalmology Medical Director at UCSF BOPC. She completed her residency at Harvard Medical School and

ASOPRS Fellowship at UC Irvine. She is currently the chair of the Young ASOPRS Committee and inaugural member of the ASOPRS TOP podcast workgroup. She has received awards including a Heed Fellowship Award, the Stein Institute for Research on Aging (SIRA) Award, and the John and Lola Ross Award. She is well-published including her book, Management of Open Globe Injuries.

### MAJDA HADZIAHMETOVIC, MD

Dr. Hadziahmetovic is an Associate Professor of Ophthalmology and Electrical and Computer Engineering at Duke University. She is a board-certified retinal ophthalmologist and clinician-scientist whose research combines retinal care with advanced technologies. Her research focuses on machine learning to evaluate

retinal diseases and predict their progression and treatment

outcomes. She is also committed to advancing retinal care accessibility through different teleophthalmology initiatives. Leading numerous clinical trials on retinal conditions, she also mentors residents and fellows. Her research is funded by several investigator-initiated grants, including funding from the NIH.

### VIVIAN HAWN, MD

Vivian Hawn is a second-year ophthalmology resident at the University of Texas Health Sciences Center in San Antonio. She earned her Bachelor of Science in Biology with Honors from Brown University and graduated with Distinction in Research from Albert Einstein College of Medicine. Additionally, she completed an Ocular

Pathology/Research Fellowship under Dr. Nick Mamalis and Dr. Liliana Werner at the Moran Eye Center. In her free time, she enjoys reading, playing tennis, and escaping the San Antonio heat.

### HONEY HERCE, MD, FAAP

Dr. Herce is an Associate Professor of Ophthalmology at Baylor College of Medicine and the Pediatric Ophthalmology Fellowship director at Texas Children's Hospital. She earned her medical degree from the University of Texas Medical Branch in Galveston, Texas. She went on to complete her Ophthalmology residency at Ohio State University

Medical Center. She completed a fellowship in Pediatric Ophthalmology and Strabismus at Texas Children's Hospital. Dr. Herce's clinical interests include all clinical aspects of pediatric ophthalmology and adult strabismus with a focus on retinopathy of prematurity, ptosis, and uveitis. Outside of work, she loves to travel and be with her family.

## Participant Biographies

### EVE HIGGINBOTHAM, SM, MD, ML

Dr. Eve Higginbotham served for a decade as the inaugural Vice Dean for Inclusion, Diversity, and Equity. In that role she built the infrastructure for continued progress toward inclusive excellence, focusing on diverse faculty recruitment, retention, and culture. She is a glaucoma

specialist, Senior Fellow at the Leonard Davis Institute for Health Economics, and Professor of Ophthalmology. She is an elected member of the NAM Council, a member of AAAS, and a graduate of MIT, HMS, and Penn Carey Law. Dr. Higginbotham completed a residency in ophthalmology at LSU and a glaucoma fellowship at the MEE in Boston. She publishes in ophthalmology, health policy, and equity.

### DIANE HILAL-CAMPO, MD

Dr. Diane Hilal-Campo is a Columbia and Mount Sinai trained, board-certified ophthalmologist, who after spending decades treating female patients struggling with dry eye and other painful conditions caused by makeup and beauty treatments, developed her brand of eye-friendly formulas, twenty/twenty. Twenty/twenty's formulations

were designed to enhance your eyes' natural beauty without causing irritation, sensitivity, or damage to the eye glands or ocular surface. Each product, from the innovative hygiene spray to the nutrient-rich lash and brow serum, has undergone rigorous clinical testing to ensure they don't disrupt, but rather support, the delicate ecosystem of the eye.

### AVA HOSSAIN, MBBS, FCPS

Professor Ava Hossain is Director cum Chief Consultant at OSB Eye Hospital, Dhaka, Bangladesh. Her significant contributions towards preventing blindness in Bangladesh and Asia Pacific Region are widely recognized. She is the President of the Asia-Pacific Academy of Ophthalmology (APAO). She was also President of SAARC

Academy of Ophthalmology (SAO), Ophthalmological Society of Bangladesh (OSB) and Founding President of Bangladesh Community Ophthalmological Society (BCOS). She was recognized as the top 100 influential women ophthalmologists of the world by The Ophthalmologist power list 2021. Prof. Hossain is the recipient of many prestigious International and National Awards.

### HSINYI HUANG, LAC, DAHM

Hsinyi Huang is a resident acupuncturist at Seyhart and an acupuncture clinical supervisor at Alhambra Medical University. She received her Doctor of Acupuncture degree from Alhambra Medical University and has been practicing acupuncture for nearly two decades in Los Angeles. As a devoted mother to a young daughter,

she understands the importance of nurturing balance and wellness in all aspects of life. Hsinyi strives to integrate Chinese medicine and Western medicine to provide her patients with the best possible health benefits.

### DAYNA IZZO

An athlete most of her life, she has always found herself through expressive body movement. In 2013 she received her RYT200 certification. Yoga has helped her through injuries, personal loss, and life-changing events, it has allowed her to find an active body while allowing a resting mind. Her favorite quote: The rhythm of the mind, the

melody of the mind, and the harmony of the soul create the symphony of life." B.K.S. Iyengar

### SHELLY JAIN, MD

Shelly G. Jain, MD, is a glaucoma and cataract surgeon at The Ohio State University, Havener Eye Institute, in Columbus, OH. Dr. Jain completed her residency in Ophthalmology at The University of Alabama at Birmingham, and a Glaucoma fellowship at the Wills

## Participant Biographies

Eye Institute in Philadelphia, PA. Dr Jain joined The Ohio State University Havener Eye Institute in 2011, where she is now a Professor at The Ohio State University College of Medicine. Dr Jain also serves as the Glaucoma Fellowship Director and the Vice Chair of Education at the Havener Eye Institute.

### ABIGAIL JEBARAJ, MD

Abigail Jebaraj is a comprehensive ophthalmologist and clinical assistant professor at the University of Wisconsin Madison Department of Visual Sciences and Middleton Veteran Memorial Veterans Hospital & Clinics. Her career interests are medical student and resident education and diversity, equity, and inclusion initiatives.

### CATHERINE JORDAN, MD

Catherine (Cate) Jordan, MD completed both her medical degree and residency at The Ohio State University (OSU) serving as chief resident 2010-2011. She completed her fellowship in pediatric ophthalmology at Nationwide Children's Hospital (NCH) in 2012. Dr. Jordan is an Associate Professor at OSU and a

member of the Medical Staff at NCH. She is the co-director of Pediatric Ophthalmology Research at NCH and site PI for the Pediatric Eye Disease Investigator Group (PEDIG). She is currently serving a three-year term as Director at Large for the American Association for Pediatric Ophthalmology and Strabismus (AAPOS) Board of Directors.

### SHIVANI KAMAT, MD

Shivani S. Kamat is an assistant professor of ophthalmology and glaucoma and anterior segment surgeon at the University of Texas Southwestern Medical Center. Dr. Kamat completed her ophthalmology residency at Loyola University in Maywood, IL, and her glaucoma fellowship at Massachusetts Eye and Ear

Infirmery in Boston, MA. She began her career at the University of Michigan's Kellogg Eye Center, where she served as the glaucoma fellowship director and medical director of Kellogg Eye Center's largest satellite clinic in Brighton, MI. She is currently the lead of the glaucoma service and director of the glaucoma fellowship at UT Southwestern.

### ARIANE KAPLAN, MD

Ariane Kaplan has been the Director of Medical Student Educator for the Department of Ophthalmology at the University of Michigan since 2015 and an Associate Residency Program Director since 2022. In October 2023, she became the Director of Career Advising in the Office of Medical Student Education at the Medical School to help guide

all University of Michigan medical students and advisors through the residency application process. Ariane was elected to the AUPO Directors of Medical Student Education in 2021 and loves interacting with her colleagues from around the country.

### CHRISTINE KAY, MD

Christine Kay is a vitreoretinal surgeon and IRD specialist at Vitreoretinal Associates in Gainesville, Florida. Prior to this, she was an assistant Professor and director of the retinal fellowship and retinal genetics service at the University of Florida. She graduated magna cum laude from Harvard University with a degree

in neuroscience and went to medical school at the University of Florida. She completed her ophthalmology residency at the University of South Florida where she was chief resident and completed her vitreoretinal fellowship training at the University of Iowa. Dr. Kay is a vitreoretinal surgeon actively involved in multiple subretinal gene therapy trials now at VRA.

## Participant Biographies

**JAMIE KEEN, MD**

Dr. Keen is from Chicago and did her medical school training at Chicago Medical School. She then did her ophthalmology residency at Kresge Eye Institute in Detroit, Michigan. She went on to do an ASOPRS oculoplastic fellowship at the University of Iowa, graduating in 2023. She is involved in AMA, ASOPRS, and WIO and is passionate

about mentorship and advocacy. She is currently working in both academic and private practice in Chicago.

**ASHLEY KHALILI, MD**

Ashley Khalili, MD is a cornea and external disease specialist, practicing at Northwell Health in Long Island, NY. She is an Assistant Professor at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell. Dr. Khalili completed her undergraduate degree through a combined BS/MD program at the Sophie Davis

School of Biomedical Education, earning her medical degree from New York Medical College. Her residency training in ophthalmology was completed at Northwell Health, followed by fellowship training in cornea and external disease at Wills Eye Hospital in Philadelphia. Dr. Khalili's current interests include cataract surgery and ocular surface disease.

**TANYA KHAN, MD**

Dr. Khan, an Oculofacial Plastic Surgeon and owner of Khan Eyelid & Facial Aesthetics in Plano, TX, specializes in cosmetic and reconstructive rejuvenation of the eyes and face. She has published extensively on facial fillers, neurotoxins, and dark circle treatments. As a member of the SkinCeuticals Physicians Council

for Diversity, Equity, and Inclusion, and the RealSelf Doctor Advisory Board, Dr. Khan is a recognized industry expert, featured in Harper's Bazaar and Allure.

**SANGEETA KHANNA, MD**

Dr. Khanna is a Clinical Associate Professor of Ophthalmology and Neurology at the University of Michigan, Kellogg Eye Center. A diplomate of the American Board of Ophthalmology and a fellow of the North American Neuro-Ophthalmology Society (NANOS), she is committed to advancing neuro-ophthalmology education

and collaboration across the globe - a practice informed by her education and prior work experience at the premier medical school of India, All India Institute of Medical Sciences in New Delhi, and her current work with the Kellogg Eye Center's International Center.

**NORA KHATIB, MD**

Nora is a surgical retina specialist working in private practice in San Diego for the past seven years. Her primary practice setting is a solo practice she founded in 2016, which has been a challenging and rewarding adventure. Outside of work, she enjoys hiking, traveling, reading, and spending time with her family and two young children.

**FEMIDA KHERANI, MD, FRCS**

Femida Kherani, MD FRCS is a Clinical Associate Professor and Chair of Wellness, Equity, Diversity, Inclusion, and Indigineity at the University of British Columbia. She practices Oculoplastics and Orbit in Vancouver. Dr. Kherani completed her Medical School and Surgical Ophthalmology Residency at the University of Alberta, and

subsequently completed her ASOPRS Fellowship at the UPenn and CHOP. Dr. Kherani served as the 2020 President of the Canadian Society of Oculoplastic Surgeons and was the recipient of the 2021 COS Champion for Change Award. She has served on the AAO Council, Orbis Canada Board, and WIO Board. She is on the Editorial Boards for EyeNet and OSN.

## Participant Biographies

### JUDY KIM, MD, FARVO, FASRS

Judy E. Kim, MD is an internationally well-known vitreoretinal specialist and a leader in ophthalmology. She is a professor of ophthalmology with tenure, Jean and Tom Walter Distinguished Chair in Ophthalmology, Vice Chair of Education, and Medical Director of Clinical Research at the University of Texas Southwestern Medical

Center in Dallas, Texas. She is a graduate of the University of Chicago and Johns Hopkins University School of Medicine. She completed her ophthalmology residency at the Bascom Palmer Eye Institute of the University of Miami, and her vitreoretinal surgical and medical fellowship at the Medical College of Wisconsin. She is a former president of ASRS and a board of trustees of AAO.

ophthalmology, she works closely with trainees helping to shape the next generation of ophthalmologists.

### EUNA KOO, MD

Dr. Koo is a clinical associate professor at Stanford University and specializes in pediatric ophthalmology and adult strabismus. She received her ophthalmology training at UC San Francisco and then her fellowship training in pediatric ophthalmology and adult strabismus at Boston Children's Hospital. Her practice

reflects her clinical interests in pediatric ophthalmology (i.e. amblyopia) and adult strabismus (i.e. complex strabismus). Her research interests currently lie in big data/registry research (i.e. IRIS, TriNetX) to identify clinically significant associations.

### NINANI KOMBO, MD

Ninani Kombo, MD is a Uveitis and Comprehensive Specialist at the Yale Department of Ophthalmology and Visual Science. Her administrative roles include Chief of Ophthalmology at the West Haven VA, Director of Medical Students Education, and CME and Grand Rounds. Dr. Kombo is grateful for the privilege to work with medical

students and residents every day.

### ANDREA KOSSLER, MD, FACS

Andrea Lora Kossler, MD, FACS, is an Associate Professor of Ophthalmology at Stanford University School of Medicine, Director of Oculofacial Plastic and Orbital Surgery at the Byers Eye Institute, and Co-Director of the Stanford Multidisciplinary Thyroid Eye Disease Clinic. Dr. Kossler specializes in thyroid eye disease,

orbital oncology, and orbital surgery. Dr. Kossler's research interests include the proteomic evaluation of ocular surface and orbital inflammatory diseases and evaluating targeted therapies for orbital malignancy & thyroid eye disease. She has authored over 100 publications and abstracts and is a national and international speaker on thyroid eye disease and orbital disease.

### EUBEE KOO, MD

Dr. Eubee Koo is a Clinical Assistant Professor of Ophthalmology at Stanford University School of Medicine, where she practices Comprehensive Ophthalmology. Originally from Florida, she graduated from the University of Florida with a degree in Biochemistry, and then went on to medical school at Harvard.

After residency at the Bascom Palmer Eye Institute, Dr. Koo practiced at Kaiser Permanente for over three years before returning to the academic world to pursue interests in medical education; at Stanford, as the director of both inpatient consults and medical student education in

### MAJA KOSTIC, MD, MMSC, PHD

Maja Kostic, MD, MMSc, PhD is an Assistant Professor of Neuro-Ophthalmology at Bascom Palmer Eye Institute at the University of Miami and the Vice President of PANIRD (Pan-American Inherited Retinal Disease Group). She is also

## Participant Biographies

a Volunteer Assistant Professor of Neuro-Ophthalmology and Pediatric Ophthalmology, Volunteer Assistant Professor of Neurosurgery, and previously worked at the University of North Carolina at Chapel Hill.

### STACEY KRUGER, MD

Dr. Kruger is currently an Associate Professor at the Zucker School of Medicine at Hofstra/Northwell Health, earned her medical degree at SUNY Downstate, completed her residency at The Mount Sinai School of Medicine and completed her fellowship in pediatric ophthalmology at the Storm Eye Institute. Dr. Kruger's area of special

interest is pediatric cataract surgery and she served as a Principal Investigator in the Infant Aphakia Treatment Study. She is also actively involved in providing care for indigent patients in Guatemala and has been actively involved in leadership within organized medicine, currently serving on the AAPOS Board of Directors.

### JENNIFER LARSON, MD

Dr. Jennifer Larson is a comprehensive ophthalmologist and Assistant Professor at the University of Wisconsin Department of Ophthalmology and Visual Science. She completed her medical school and ophthalmology residency training at the University of Wisconsin. Her academic interests include medical student

education, resident surgical training, and advocacy. She is the President of the Wisconsin Academy of Ophthalmology.

### JANICE LAW, MD

Dr. Janice Law served as chief resident during her ophthalmology residency at Kresge Eye Institute. After completing a 2-year fellowship in Vitreo-Retinal surgery at Vanderbilt Eye Institute, she joined the faculty as Associate Residency Director. She is now the Director

of Medical Student Education & Vice Chair for Education. She received the VEI Bridge Builder Award 3 times for her mentoring excellence & 2 medical center awards for teaching & innovation. She is passionate about patient safety and serves her state society executive board. Dr. Law is the past chair of the AAO YO Committee & AAO Leadership Development Program graduate. She loves painting and crafting & has two boys, ages 11 and 12.

### MORAN RONI LEVIN, MD

Dr. Roni Levin is an Associate Professor of Ophthalmology and Pediatrics at the University of Maryland School of Medicine, where she serves as the Director of Medical Student Education in Ophthalmology. This is her 4th year serving on the WIO Summer Symposium committee. She serves as co-chair of the WIO YO

committee and as a member of the mentorship committee. She is Secretary of the AUPO Directors of Medical Student Education Council and Chair of the AAO Medical Student Virtual Education Committee. She has been awarded the Real-World Ophthalmology "Outstanding Humanitarian" award and the Women in Ophthalmology "Mentorship Award."

### ANG LI, MD

Dr. Ang Li is a full-time glaucoma faculty at the Cleveland Clinic Cole Eye Institute. She completed her residency at the Cole Eye Institute and is glaucoma fellowship trained at the Duke Eye Center.

### ALCINA LIDDER, MD

Dr. Alcina Lidder is excited to attend her first Women in Ophthalmology conference. After graduating magna cum laude with departmental honors from Northwestern University for her undergraduate education, she attended the

## Participant Biographies

University of Rochester School of Medicine and Dentistry where she was inducted into the Alpha Omega Alpha honor society. She attended New York University for ophthalmology residency where she served as Chief Resident and was selected as a Heed fellow. After completing a glaucoma fellowship at Bascom Palmer Eye Institute, she joined the faculty at Northwestern University, where she serves as an Associate Program Director for the residency program.

### JENNIFER LINDSEY, MD, MBA

Dr. Jennifer L. Lindsey is the Director of Resident Education at Vanderbilt Eye Institute (VEI) and is a five-time recipient of VEI's Award for Excellence in Education. Her areas of interest include surgical education, Veterans' healthcare, trainee wellness, and patient advocacy. An active national leader, Dr. Lindsey is a graduate of

the AAO Leadership Development Program. She serves as President-Elect of the Association of University Professors of Ophthalmology (AUPO) Program Directors' Council (PDC) and as the representative for Veterans Affairs issues to the AAO Secretariat for State Affairs. She is the Immediate Past-President of the Association of Veterans Affairs Ophthalmologists.

### YAO LIU, MD, MS

Yao Liu MD, MS is the William and Phyllis Huffman Research Professor and a National Eye Institute (NEI)-funded glaucoma clinician-scientist at the University of Wisconsin-Madison. Dr. Liu studies low macular pigment levels and glaucoma risk in the Carotenoids in Age-Related Eye Disease Study 2 (CAREDS2), a sub-study of the Women's Health

Initiative. She is a Site PI for the COAST (Clarifying the Optimal Application of SLT Therapy) Trial and the Chair of the I-TRUST (Implementation of Teleophthalmology in Rural Health Systems) Study, a multicenter clinical trial to advance telemedicine-based diabetic eye screening in rural primary care clinics using implementation science.

### XIAOQIN ALEXA LU, MD

Dr. Lu is an associate professor of ophthalmology at Emory University School of Medicine in Atlanta, Georgia. She is also the National Education Director for the Technology-based Eye Care Services (TECS), one of the largest national teleophthalmology programs through the United States Department of Veteran Affairs.

She completed her residency at Brown Medical School, and a cornea fellowship at UC San Diego. She is active in resident and medical student education. She has an interest in improving patient care in the VA healthcare system and integrating telemedicine into medical education.

### JENNIFER MA

As the founder and president of Meraki Consulting, an innovative medical communications agency specializing in eyecare, she blends healthcare expertise with a dedication to empowering HCPs in the field. Through Meraki Consulting, she and her team provide clear and inclusive communication strategies that

resonate with diverse audiences, particularly focusing on eye health. On the side, as a passionate advocate for the well-being of women and men, she channels her belief in the transformative power of dance as a Zumba Instructor. Through Zumba, she aims to promote physical fitness and self-confidence in a supportive and empowering environment.

### AMINA MALIK, MD

Amina Malik is the director of oculoplastic surgery at Houston Methodist Hospital where she is an Associate Professor in Ophthalmology and adjunct Associate Professor in Otolaryngology. She completed her ophthalmology residency and fellowship at the University of Cincinnati. Dr. Malik has published

several peer-reviewed journal articles and book chapters

## Participant Biographies

and has given many invited lectures. She enjoys teaching as a preceptor for the MD Anderson ASOPRS fellowship and is involved with resident and medical student education through Texas A&M Medical College, Baylor College of Medicine, and UTMB Medical School.

**ASHLIE LB MALONE, MBA, JD, COE**

Ashlie LB Malone, MBA, JD, COE is a seasoned business professional and entrepreneur, serving the healthcare industry for over 20 years. With a specialty focus in ophthalmology, she has a wide range of experience including developing and managing a large surgical group in the Charleston, SC area to working

closely with practices as a consultant, mentor, and legal advisor with a special focus on practice management, workflow and recovering profitability. Ashlie's entrepreneurial spirit has supported the launch and development of several personal ventures, including Phone COA, LLC, which provides prescreening and preloading services to busy ophthalmic practices.

**MARY E MALONEY, FACHE**

A 3x CEO & CMO, she sold her first business, a medical marketing agency, at age 32, which was funded by an Ophthalmologist. Known for her energy and ability to inspire an audience, she engages women leaders to reflect deeply on what their brand stands for, who they can impact the most, and how they can leave a legacy. An ATHENA

International Leadership Award recipient & winner of The Wharton School EDP business simulator, she was featured as a Healthcare Leader to Watch 2023. A speaker for almost 30 years, she also facilitates brand strategy and leadership courses for Cornell University.

**MAHSAW MANSOOR, MD**

Dr. Mahsaw Mansoor is currently a Medical Retina fellow at the University of Michigan. Prior to this she proudly completed her residency at the University of Iowa (Go Hawks!) and medical school at the University of Arizona in Tucson. She is a member of the AAO Young Ophthalmologists Committee and an Editorial Board

Member for EyeSustain. She is also a proud member of the WIO Mentorship Committee and is excited to co-host the YO programming at the WIO Summer Symposium this year.

**ZAHRA MARKATIA, MD**

Zahra Markatia is a current PGY-2 ophthalmology resident at Baylor College of Medicine in Houston, Texas, and a medical school graduate from the University of Miami Miller School of Medicine. In that time, Zahra also performed an oculoplastics research fellowship with Dr. Wendy Lee at Bascom Palmer Eye Institute in Miami, FL.

She is passionate about mentorship, research, and leadership in ophthalmology and is thankful for organizations like Women in Ophthalmology (WIO) that facilitate the union of all three in one meeting! This is Zahra's fourth WIO Summer Symposium, and her third year serving on the WIO Young Ophthalmologists (YO) and Mentorship Committees.

**TARA MCCANNEL, MD, PHD**

Tara McCannel, MD, PhD is a Professor of Ophthalmology at the Stein Eye Institute, University of California, Los Angeles. She is the Director of Ocular Oncology and runs the busiest adult oncology practice on the West Coast. Her research has spanned basic science to surgical advances including establishing biopsy for

prognostication as the standard of care, and the use of silicone oil and vitreoretinal techniques to prevent radiation and improve vision. Her research in Health Psychology explores mental health on cancer survival. Dr. McCannel is the

## Participant Biographies

host of the Mind Body MD and Finding Your Way with Ocular Melanoma podcasts, and she is the co-founder and co-owner of the wellness brand, Seyhart.

**ALLI MCCOY, MD**

**STEPHEN MCLEOD, MD**

Dr. McLeod is Chief Executive Officer for the American Academy of Ophthalmology and Professor and Chair Emeritus in the Department of Ophthalmology at the University of California, San Francisco.

**KRISTEN ANNA MENDOZA, MD**

Dr. Mendoza is a fellowship-trained cataract surgeon and glaucoma specialist. She completed her ophthalmology residency at the Ohio State University Havener Eye Institute, followed by her glaucoma fellowship at the New York Eye & Ear Infirmary of Mount Sinai. She now practices at MidWest Eye Center in Cincinnati, Ohio.

**SHANNATH MERBS, MD, PHD, FACS**

Dr. Merbs is an oculoplastic surgeon and clinician-scientist. Previously, her laboratory studied the role epigenetics plays in retinal development and disease. More recently, she has studied how surgical technique and instrumentation affect the outcome

of surgery for the treatment of trichomatous trichiasis. She designed a new surgical instrument to standardize trichiasis surgery, which was tested in a randomized, prospective clinical trial in Tanzania. She has completed an NIH-funded study in Ethiopia of a surgery designed for recurrent trichiasis after surgery and is involved in training programs for the new technique. She has raised 3 daughters, 2 of whom are professional polo players.

**REBECCA METZINGER, MD**

Rebecca Metzinger, MD is an Associate Professor of Ophthalmology and Vice Chairman of Quality and Safety at the Department of Ophthalmology of The Tulane University SOM. She specializes in cornea and external diseases. She has presented at national and international conferences as well as being invited

to faculty for surgical courses. She has multiple publications including a book chapter. She is on the Board of the New Orleans Academy of Ophthalmology.

**ANNA MOMONT, MD**

Anna Momont, MD is an Associate Professor at the University of Wisconsin Department of Ophthalmology and Visual Science. Her practice focuses on the care of glaucoma and cataract patients. She serves as the Residency Program Director and as the physician leader of the UW Health Right to Sight Clinic, a bimonthly

clinic that offers free eye care to low-income patients in her community.

**CHRISTIANA MOON, MD**

Christina S. Moon, MD is an Assistant Professor of Ophthalmology at the Scheie Eye Institute of the University of Pennsylvania. She graduated from Harvard University magna cum laude and received her MD from Brown University. After completing

## Participant Biographies

a residency at Wilmer Eye Institute and a cornea fellowship at Bascom Palmer Eye Institute, she served as the Director of Cornea at Beth Israel Deaconess Medical Center in Boston before moving to Philadelphia. She is passionate about surgical teaching. She serves as the co-director of the wet lab at Scheie and has taught in multiple national wet labs as a surgical preceptor. She specializes in cataract, corneal, and anterior segment surgery.

**HANNAH MUNIZ CASTRO, MD**

Dr. Hannah Muniz Castro is a fellowship-trained Cornea, Cataract, and Refractive surgeon and board-certified ophthalmologist. She specializes in corneal surgery, complex cataract surgery, laser-assisted cataract surgery, premium intraocular lens implantation, and treatment of external disease. She graduated magna cum laude from

UCLA and attended medical school at UC Irvine. She served as chief resident during her ophthalmology residency at the University of Texas Health Science Center in Houston. She then completed a Cornea, External Disease, and Refractive Surgery Fellowship at the prestigious Bascom Palmer Eye Institute.

**THANDI MYENI, MD, MPH**

Thandi Myeni MD MPH, affectionately known as “Dr. Thandi” or “Beloved” wears many hats. She is a passionate mom, talented glaucoma and cataract surgeon, empowering bounce backologist, dedicated Army Major, transformative speaker, visionary entrepreneur, thought-provoking author, and coach. She helps to

improve both eyesight and insight. Her mission is to transform lives by helping people improve their vision(s), as she empowers them to: live in their purpose; discover their power; and master their emotions. She is the proud mom of Lily and Michaela Bing. They are beautiful, bright, and amazing girls whose lives are a testament to the glory of God.

**SUDHA NALLASAMY, MD**

Sudha Nallasamy, MD specializes in Pediatric Ophthalmology & Adult Strabismus. She is Associate Division Head of The Vision Center at Children’s Hospital Los Angeles and is Chief of the Pediatric Ophthalmology Service. She has been developing an entertaining strabismus educational series to garner interest in the field and

enhance the educational experience. In addition, she is pioneering the use of real-time telemedicine for consultations between pediatric eye care providers. She hopes that eventually this work will improve access to specialized ophthalmic care for children across the world.

**MARYAM NAZEMZADEH, MD**

Dr. Maryam Nazemzadeh, AKA Dr. Naz, is a board-certified oculofacial plastic surgeon who owns The Naz Experience - a boutique cosmetic and reconstructive eye surgery, facial plastic surgery, laser, and cosmetic injectables practice in Tysons, VA. Dr. Naz is one of approximately 750 ASOPRS surgeons in the world who have

trained 4 years as interns and residents in ophthalmology, completed fellowship training in aesthetic and reconstructive procedures of the eyelids, eye sockets, tear ducts, and face, and conducted scientific research and passed rigorous examinations. She is also 1 of approximately 20 surgeons in the world with both pediatric and adult oculofacial plastic surgery training.

**MITRA NEJAD, MD**

Mitra Nejad, MD is an assistant professor at the UCLA Stein Eye Institute and the David Geffen School of Medicine at UCLA. Her clinical practice is in the Cataract and Refractive Division, and she specializes in advanced surgical procedures for cataracts and laser vision correction. Dr. Nejad trains UCLA residents in femtosecond

laser-assisted cataract surgery and LASIK surgery. She is

## Participant Biographies

the associate residency program director and serves on the selection, program education, and clinical competency committees. She is also the co-director of medical school education at UCLA. Finally, she works with other UCLA Health faculty to help take care of the Los Angeles Dodgers and Lakers.

**CHRISTINE NELSON, MD, FACS**

She recently stepped down as Service Chief of Eye Plastic and Orbital Surgery at the University of Michigan, KEC, where she was a tenured professor of Ophthalmology and Surgery. Her practice for the past 39 years has been functional surgery on adults and children. She serves as

fellowship director, co-director of the international program, and ABO examiner. Her research has involved finding a new gene, as well as clinical trials in TED. She enjoys mentoring faculty, fellows, residents, and students. Her interest in travel and education has allowed her to help build an Ophthalmology department in Ethiopia with residents/fellows.

**ANNIE NGUYEN, MD**

Annie Nguyen, MD, is a native Southern Californian. Opportunities presented themselves on the East Coast where she broadened her horizons as she seized opportunities to obtain her medical degree from Harvard University and ophthalmology residency training at New York Eye and Ear Infirmary. She returned home to California

to complete fellowship training in cornea, external disease, and refractive surgery at USC Roski Eye Institute. She currently serves as the associate program director of the ophthalmology residency and cornea fellowship at USC.

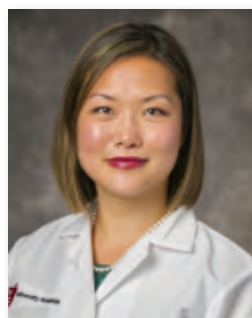

**TRAN NGUYEN, DO**

Dr. Tran Nguyen is a board-certified ophthalmologist, surgeon, and glaucoma specialist. She was raised in Houston, Texas. After completing her ophthalmology and fellowship training in the Midwest. She is currently practicing as a cataract and glaucoma specialist in private practice in Austin, Texas. She is a wife and mother to two boys.

**LISA NIJM, MD, JD**

Dr. Nijm is a pioneering force in ophthalmology, seamlessly integrating clinical & surgical expertise with her background as an attorney, educator, and innovator. Her commitment to excellence in patient care led her to open Warrenville EyeCare & LASIK. As CEO of WIO, she has led the organization to 500% growth in 7 years. Globally recognized, her accolades include The Ophthalmologist's Power List & Newsweek's America's Best Ophthalmologists. As an MD/JD & a passionate educator, Dr. Nijm has coached thousands in the art of negotiation & most recently, founded RealWorldOphthalmology.com, which provides over 4,100 young eye surgeons from 110 countries with the tools for early career success.

**LINDA OHSIE-BAJOR, MD**

Linda Ohsie-Bajor, MD, is an Assistant Professor of ophthalmology at Case Western Reserve University School of Medicine and has been a comprehensive ophthalmologist with the University Hospitals Eye Institute since 2016. She also currently serves as the Director of Medical Student Education and

Associate Residency Program Director. She completed her undergraduate degree at Dartmouth College and graduated from Jefferson Medical College in Philadelphia. Dr. Ohsie-Bajor then did an intern year at Albert Einstein Medical Center (Philadelphia), followed by an Ophthalmology Residency at Wills Eye Hospital.

## Participant Biographies

### AVITAL LILY OKRENT, MD

Avital Lily Okrent grew up in Los Angeles and went to undergrad at Brandeis where she studied neuroscience, psychology, and fine art. She then attended the Medical School for International Health in Be'er-Sheva, Israel, and completed her ophthalmology residency at Meir Medical Center in Israel. She did her first Neuro-op

fellowship at Emory in Atlanta and then a surgical Neuro-op fellowship at Duke, where she is now a fellow in Oculoplastics. She is interested in higher-order visual processing and diseases of the neural visual pathways and orbit and orbital reconstruction. She likes to cook, paint, and explore the outdoors with her husband and three kids.

### ERIN ONG, MD, MS

Dr. Erin Ong is a board-certified ophthalmologist. She earned both her Doctor of Medicine and Masters in Genomic Medicine at the University of Miami Miller School of Medicine. She completed residency training at the University of Maryland School of Medicine where she served as a chief resident, followed by a fellowship in Cornea,

External Disease, & Refractive Surgery at the number-one ranking Bascom Palmer Eye Institute. In 2023, she was one of twenty ophthalmologists in the country selected to receive the AECOS and Cedars Aspens Young Ophthalmic Leaders Award. She now practices at a group private practice in Northern Virginia.

### BHAKTI PANCHAL, BS

Bhakti Panchal is a fourth-year medical student at the University of Maryland School of Medicine. She has been a member of WIO since her first year of medical school and is currently applying to ophthalmology for residency. She is very passionate about health policy and advocacy and continues to advocate for ophthalmology on a

state and federal level. In her free time, Bhakti enjoys working

on her freelance eyebrow threading business and also enjoys traveling. This is her second time serving on the WIO Young Ophthalmologist committee, and she is super excited to meet more women in the field of ophthalmology!

### REGINE PAPPAS, MD

Dr. Pappas completed the residency program in ophthalmology at Howard University Hospital in Washington DC. She completed one-year ophthalmology fellowship program in glaucoma at the University of Maryland, where she also served as a Clinical Instructor. Dr. Pappas is certified by the Board of the American

Academy of Ophthalmology and the National Board of Medicine. Dr. Pappas is a fellow of the American Academy of Ophthalmology, a Member of the National Medical Association, the American Glaucoma Society and Women in Ophthalmology. She was the President of Women in Ophthalmology in 2021.

### SWATI PAREKH, MD

Dr. Swati J. Parekh, MD, FFAO, is an anterior segment eye surgeon and the co-founder of EyeCare Consultants of NJ (ECC-NJ), a prominent practice established alongside her husband. Dr. Parekh has served as Chair of the Department of Ophthalmology at St. Joseph's Health System in New Jersey since 2015. She is

consistently recognized as one of the "Best Doctors of NJ," an accolade she has maintained since 2019. As a board-certified ophthalmologist, Dr. Parekh boasts decades of experience in both comprehensive and surgical ophthalmology. She is active in clinical research and teaching. Swati sits on the hospital foundation board and is active in both her local and professional communities.

## Participant Biographies

**LEANNE PATEL, BS**

LeaAnne has worked in the Ophthalmic space since 2011 and is currently Associate Director, KOL & Peer to Peer Strategy at Dompe. Prior to joining the pharmaceutical industry, LeaAnne obtained her Bachelor of Science in Kinesiology from the University of Wisconsin-Milwaukee and was also a personal trainer and fitness instructor.

LeaAnne, her husband Raj, daughter Aahana moved from the Midwest to San Diego 3 years ago and enjoying living on the beautiful West Coast. When not working, you can find her on the Peloton and exploring all of San Diego with her husband and daughter.

**LAURA M. PERIMAN, MD**

Dr. Periman, a distinguished board-certified Cornea, and Refractive Surgery fellowship-trained ophthalmologist, seamlessly blends her molecular biology expertise with her role as Founder-Director of Dry Eye Services at Periman Eye Institute in Seattle. Renowned for fostering collaborations, advancing education, mentorship,

and spearheading research, she lectures globally, writes dozens of articles, and has 23 peer-reviewed publications. Her eloquent but common-sense communication, inspired by her Montana ranch upbringing, and her mastery of immunopathophysiology, earned her the moniker "The DryEyeMaster."

**ROMA PATEL, MD, MBA**

Dr. Roma Patel currently lives in Houston, TX and works at Baylor College of Medicine as a glaucoma specialist. She also serves as the Chief of Ophthalmology Service for Ben Taub Hospital where she treats very complicated glaucoma for the indigent population. Having served in multiple leadership positions at AAO, AGS, and her state society,

she is now focusing on serving her primary constituents- her husband Pratik and children Kian and Ava. She loves WIO and meeting new and old friends at this meeting.

**ANGELIQUE PILLAR, MD**

Raised in the San Francisco Bay Area, Dr. Pillar is a graduate of Yale University and Harvard Medical School and completed her Ophthalmology training at the University of Maryland in Baltimore where she was selected as Chief Resident. She completed her cornea and refractive surgery fellowship at the Cleveland Clinic. She then

returned to Baltimore as a Clinical Assistant Professor at the University of Maryland while practicing in a cornea-specialized private practice. In 2020 she joined NVISION Eye Centers in San Diego where she specializes in refractive cataract surgery.

**CLAUDIA PEREZ STRAZIOTA, MD**

Claudia Perez Straziota obtained her MD at Universidad Central de Venezuela, Escuela Luis Razetti, followed by an Internship at Emory University School of Medicine, an Ophthalmology Residency at Emory Eye Center, and a Cornea, External Disease and Refractive Surgery Fellowship at Emory Eye Center.

She practiced 3 years in private practice in Gainesville, GA; followed by 2 years of private practice in Los Angeles, CA. Dr. Perez Straziota is currently on staff at The Cleveland Clinic in Cleveland, Ohio.

**HEATHER POTTER, MD**

Dr. Potter is a professor of comprehensive ophthalmology, cataract surgery, and ophthalmic pathology at the University of Wisconsin. She is the director of the Eye Pathology Laboratory and the medical director of the Eye Biobank. She graduated from St. Olaf College in Minnesota, earned her medical degree at the University of Iowa,

and completed her residency and fellowship at the University of Wisconsin.

## Participant Biographies

### ERIN POWERS, MBA

Erin Schallhorn Powers is the VP of US Sales & Marketing for J&J Surgical Vision. She has 20 years of experience across vision-focused companies, including Zeiss, Alcon, and AMO/VISX. She's a proven leader known for her deep relationships within the community, with a track record of establishing business functions, developing

market segments, and medical and professional affairs management. Erin is immediate past president of Ophthalmic World Leaders, on the Board of the International Society of Refractive Surgery and Oracle Vision Council, and a member of AECOS. Erin holds an MBA from the Tuck School of Business at Dartmouth and London Business School.

### LISA PRAEGER

Lisa Praeger is the General Manager of the United States Pharmaceutical and Dry Eye franchise at Alcon. Lisa's responsibilities include sales growth, commercialization of products including launch excellence, and organizational design. With over 34 years of experience in the Eye Care industry, she has held multiple leadership

roles across Alcon Vision, LLC. in both commercial sales and operations. Throughout her career journey at Alcon, as a commercial leader, she has held leadership responsibilities across several divisions (Allergy & ENT, Ophthalmology - Surgical and Optometry). During Lisa's time in operations, she led the commercial deployment of multiple platforms including SAP and CRM-SalesForce.

### S. GRACE PRAKALAPAKORN, MD, MPH

S. Grace Prakalapakorn, MD, MPH is an Associate Professor of Ophthalmology and Pediatrics at Duke University, Director of International Outreach at Duke Eye Center, and has Affiliate faculty status at Duke Global Health Institute. She is a pediatric ophthalmology fellowship-trained

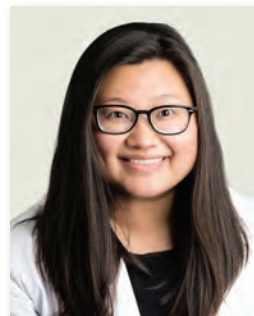

clinician-scientist. Her research focus is on improving access to care and outcomes in underserved communities by adapting innovative strategies to address clinically relevant problems. She is a former Fulbright Scholar and has worked on ORBIS International's Flying Eye Hospital. Dr. Prakalapakorn was selected for The Ophthalmologist 2021 Power List: One of the 100 most influential female figures in Ophthalmology.

### HUMA QAMAR, MD, MPH, CMI

Dr. Qamar has worked in the clinical research field for some of the most renowned Ivy League institutions such as Yale University, Harvard University, and the University of Pennsylvania. She has robust experience in developing Phase I-IV clinical protocols and execution of clinical studies, FDA inspections, billing and compliance audits,

and medical affairs team management. She has expertise in multiple therapeutic areas, including gene and cell therapy, vaccines, oncology (Heme-Onc, CAR-T, rare tumors, sarcoma, melanoma, women's health, GU & GI, fetal oncology), rheumatology, dermatology, neurology, cardiology, hepatology, and infectious diseases.

### MARY QIU, MD

Dr. Mary Qiu specializes in glaucoma surgery and cataract surgery in patients with glaucoma. She completed her undergraduate studies at Stanford University, medical school at UCSF, residency at the Wilmer Eye Institute at Johns Hopkins, and glaucoma fellowship at the Cole Eye Institute at Cleveland Clinic. Her academic

work is related to neovascular glaucoma, outcomes after both minimally invasive as well as traditional glaucoma surgical techniques, developing new surgical techniques, and glaucoma education for ophthalmology residents. Outside of work, Dr. Qiu loves traveling with her husband Chris, and spending time with their chow Hopkins.

## Participant Biographies

**SAFA RAHMANI, MD, MS**

**LANA RIFKIN, MD**

Dr. Rifkin is fellowship-trained in uveitis. She received her medical degree from the University of Louisville School of Medicine. After completing her internship at Sound Shore Medical Center in New Rochelle, NY, she went on to a residency in Ophthalmology at the University of Louisville School of Medicine where she served as Chief

Resident. Dr. Rifkin continued her training at Northwestern University in Chicago, IL where she completed a 2-year clinical fellowship in Uveitis under Dr. Debra Goldstein. She is involved in several clinical trials in uveitis and is a frequent presenter at regional and national conferences.

**KELSEY ROELOFS, MD**

Dr. Kelsey A. Roelofs is an oculofacial plastic and reconstructive surgeon who specializes in surgical and non-surgical facial rejuvenation. She received her MD from the University of Alberta, where she subsequently went on to complete her residency in Ophthalmology. Thereafter, she embarked on a two-year American

Society of Ophthalmic Plastic and Reconstructive Surgery fellowship at UCLA under the preceptorship of Drs Robert A Goldberg and Jonathan A Hoenig. She is currently an Assistant Professor at the University of Alberta in Edmonton, Canada.

**JULLIA ROSDAHL, MD, PHD**

Julia A. Rosdahl, MD, PhD is a board-certified and fellowship-trained glaucoma specialist at the Duke Eye Center in Durham, North Carolina. She serves as her department's Director of Medical Student Education and Chief Wellness Officer. She is the Chair of the Planning Group of the National Eye Health Education Program and

the Chair of the Patient Engagement Subcommittee of the American Glaucoma Society and serves on committees with the AAO and AUPO. She has authored peer-reviewed articles on health coaching and patient education and book chapters on glaucoma care including a textbook on OCT for glaucoma <https://dukeeyecenter.duke.edu/about/faculty/jullia-ann-rosdahl-md-phd>.

**JENNIFER ROSE-NUSSBAUMER, MD**

Jennifer Rose-Nussbaumer is a board-certified ophthalmologist and fellowship-trained cornea specialist at the Byers Eye Institute at Stanford University. Her clinical practice focuses on corneal transplant, complex cataract surgery, and treatment of infectious keratitis. After completing her

fellowship in Cornea and External Disease at the University of California, San Francisco, she stayed on faculty and remained there until she transitioned to Stanford in 2021. She continues to collaborate closely with the FI Proctor Foundation as an Associate Proctor Researcher. In addition to her clinical work, Dr. Rose-Nussbaumer is an NIH-funded researcher who focuses on randomized clinical trials in

**SHERI ROWEN, MD, FACS**

Dr. Sheri Rowen is a world-renowned key opinion leader in cataracts, refractive surgery, and ocular surface diseases. She has heralded the early recognition of dry eye disease, working with many doctors to help prevent further corneal damage, as this impairs the Premium Lens Surgery

## Participant Biographies

experience. She pioneered topical and clear corneal cataract surgery with foldable lenses in the early 90's teaching these new techniques worldwide. She continues to be in leader in advanced cataract surgery and enjoys teaching her colleagues. Dr. Rowen has created a sustainable Mentorship program as President Emeritus of the highly respected Cedars Aspens Society. She also made the Top 100 Power List in 2021.

### KELLIE SATTERFIELD, MD

Dr Kellie Satterfield is a Cosmetic Board-Certified Oculofacial Plastic Surgeon in the San Diego Area. She has expertise in periocular surgery and facial cosmetic rejuvenation, tearing, ocular dryness, and eyelid skin cancer treatment.

### SHLOMIT SCHAAL, MD, PHD, MHCM

Shlomit Schaal, MD, PhD, MHCM is EVP, CPE, Houston Methodist, and president and CEO of the Houston Methodist physician organization. As chief physician executive, Dr. Schaal is equally passionate about providing safe, high-quality care and mentoring to the next generation of clinicians, scientists,

and healthcare leaders. A world-renowned clinician-scientist specializing in vitreoretinal disease and surgery, Dr. Schaal has published over 200 peer-reviewed and invited papers, book chapters, and journal articles. Her clinical and scientific contributions to the field of ophthalmology have been recognized through numerous awards for academic excellence.

### KATHLEEN SCHILDROTH, MD

Dr. Kathleen Schildroth is an Assistant Professor of ophthalmology at the University of Wisconsin-Madison. She is a board-certified ophthalmologist specializing in vitreoretinal surgery. Throughout her career, Dr. Schildroth has contributed to the

field through her research and publications. She has authored numerous peer-reviewed articles in reputable journals, covering various topics in ophthalmology and related fields. Her work has been presented at national and international conferences, showcasing her commitment to advancing knowledge in the field. Dr. Schildroth is a member of prominent professional societies in ophthalmology, including WIO.

### TAHIRA SCHOLLE, MD

Dr. Scholle is an Assistant Professor of Ophthalmology and retina specialist at Baylor College of Medicine in Houston. She did her ophthalmology residency at Washington University in St. Louis and her surgical retina fellowship at UT Southwestern. She joined the Baylor faculty in 2016 and works at Ben Taub Hospital. She is the

Associate Ophthalmology Residency Program Director and a Learning Community Advisor to Baylor medical students. She enjoys teaching residents, fellows, and medical students and won the Dan B. Jones Departmental Teaching Award and the Norton Rose Fulbright Award for Teaching and Evaluation.

### AMI SHAH, MD

Dr. Ami A. Shah is a distinguished expert in oculofacial plastic surgery and an Assistant Professor at Mayo Clinic, Arizona. Known for her exceptional surgical skills, she founded the Oculoplastic and Orbital Reconstructive Surgery service line, enhancing its capabilities in complex case management. A dedicated educator

and pioneering researcher, Dr. Shah has significantly advanced medical education. Her compassionate patient care and active involvement in professional societies highlight her commitment to the field. She lives in Scottsdale, Arizona with her loving husband Bhavik Patel and their two children, enjoys animals, and loves to travel.

## Participant Biographies

### **MOHITA SHARMA, MBBS, MS**

Dr Mohita Sharma is the Founder & Chairperson Tirupati Eye Centre & Research Institute at Noida, a superspeciality eye hospital of repute for the past 25 years. She specializes in cataract and refractive surgery. She is the founder and Secretary of the Women Ophthalmologists Worldwide network which

involves 29 countries, and founder Secretary of the Women Ophthalmologists Society of India which has approx. 300 members and 22 state chapters, and General Secretary of UP State Ophthalmological Society of India. She is also the Core founding member of the Women in Research (WINR) network which has been carrying out several research activities in India with women ophthalmologists on the forefront as lead. The WINR also is working on rare eye diseases with its RED network which is involved in national registries of rare eye diseases. She has been invited for more than 500 national and international conferences as a speaker. And is a recipient of several awards, to name a few, the WIO honorary award in San Diego, USA in 2016, the Champions of Change award at WOC, Spain in 2017, the President appreciation award Indian Medical Associations 2017 and 2018, Gold medal by IIRSI in 2016 at Chennai India, International Heroes award at All India ophthalmological society conference in 2018, Gold medal by ISCKRS New Delhi 2019, Gold medal by I beach Film Festival Goa 2019, R P Tandon oration award JHOS, 2020, Wonder woman award by AIIMS in 2021 on Women's Day, Dr. Ravi Prakash Oration award on " Rare eye diseases " by Telangana Ophthalmological Society in 2022 & Dr. L P Agarwal oration award on "Leadership - How I see it " by Noida Ophthalmological Society in 2022.

### **LUCY SHEN, MD**

Dr. Lucy Q. Shen is an Associate Professor of Ophthalmology and the Glaucoma Fellowship Director at Harvard Medical School, Massachusetts Eye and Ear, Boston, Massachusetts. Dr. Shen has been an attending physician on the Glaucoma Service at Massachusetts Eye and Ear since 2009. She has organized several symposia on

the clinical care of glaucoma patients, including co-chairing Surgery Day at the American Glaucoma Society Annual Meeting in 2021. As the director of the MEE Glaucoma

Fellowship Program, Dr. Shen has been actively teaching medical students, residents, and fellows. In addition, Dr. Shen has been conducting clinical research in glaucoma diagnostics.

### **ERIN SHRIVER, MD, FACS**

Erin Shriver, MD, FACS is a Clinical Professor, Vice Chair of Faculty Affairs, and the Jim O'Brien Gross and Donnita Gross Chair in Ophthalmology at the University of Iowa. She is actively involved in clinical practice, teaching, research, and advocacy. Dr. Shriver has passionately served WIO over the years in many roles including as

Summer Symposium Chair in 2013, member of the Board of Trustees, and President in 2020. She has also served as President of the Iowa Academy of Ophthalmology, Delegate to the AMA for ASOPRS, and Trustee-At-Large for the AAO. When she is not working or advocating for her patients, she enjoys exercising, traveling, and spending time with her husband and sons.

### **DANIEL SIKKEMA**

Daniel has enjoyed teaching and competing in ballroom dance for over a decade. From absolute beginners to competitive level students, he believes anyone can dance.

### **LEE SNYDER, MD**

Dr. Lee Snyder is the Chair of the American Academy of Ophthalmology's Surgical Scope Fund Committee and Vice Chair of the AAO Council. She serves on the AAO Board of Trustees and is a proud member of Women in Ophthalmology. Dr. Snyder is a comprehensive ophthalmologist in Baltimore, Maryland. She

graduated from the Johns Hopkins University School of Medicine and completed an ophthalmology residency and

## Participant Biographies

cornea fellowship at the Wilmer Eye Institute. In addition to clinical practice, she has devoted her career to advocating for patients and the profession of ophthalmology and to inspiring residents and colleagues to become advocates.

### DEIDRE ST. PETER, MD

Deidre St. Peter is an assistant professor of Ophthalmology at the University of Colorado specializing in Glaucoma and cataracts. She spends her clinical time at Denver Health, a busy community hospital in the heart of Denver. She loves working with residents and spends much of her time in the operating room with them. She has special

interests in research involving glaucoma treatments and glaucoma in underserved populations.

### KIMBERLY STEPIEN, MD

Kimberly Stepien, MD is a John W. & Helen Doolittle Professor of Ophthalmology specializing in Medical Retina at the University of Wisconsin-Madison. She directs the Adult Inherited Retinal Disease (IRD) Clinic and is a co-director of the Ocular Genetics Service. She is also Co-Vice Chair of Clinic Affairs for the UW Department of

Ophthalmology & Visual Sciences. Dr. Stepien is the principal investigator for several IRD-related clinical trials. Her research interests center on advanced retinal imaging and clinical trials for IRDs, macular degeneration, diabetic retinopathy, and other retinal diseases. She is also a wife to a wonderful husband and mom to twin tween daughters.

### ANDREW STEWART, MS, MBA

Andrew Stewart has more than 25 years of experience in the pharmaceutical industry and currently serves as President of Global Pharmaceuticals and International Consumer Products for Bausch + Lomb. Mr. Stewart joined Bausch + Lomb from AbbVie, where he served as General

Manager within the Eye Care franchise. At AbbVie and its predecessor, Allergan, he led the U.S. Retina business, global marketing for Eye Care, and business development initiatives. Mr. Stewart served at Bristol Meyers Squibb for years in R&D and at Merck & Co., Inc. in manufacturing. He earned an MBA from the New York University Stern School of Business and a master's degree in Environmental Science from Rutgers University.

### CYNTHIA A. STUENKEL, MD

Cynthia A Stuenkel is a Clinical Professor of Medicine, at the Division of Endocrinology and Metabolism, at UC San Diego, La Jolla. She is a Founding Member of the North American Menopause Society (currently, The Menopause Society), and served as President and Scientific Chair. She was the first author of the Endocrine

Society's Clinical Practice Guidelines on Treatment of Symptoms of Menopause. She wrote the White Paper on Reproductive Milestones and Cardiovascular Health Across the Lifespan for the International Menopause Society. Publications on POI have recently appeared in JCEM and the NEJM. Dr. Stuenkel is committed to educating women and clinicians about menopause and steps to embrace it.

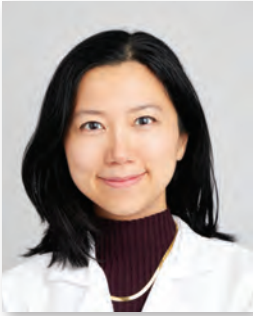

### RAMYA SWAMY, MD, MPH

Romya Swamy areas of clinical expertise include medical and surgical treatment of glaucoma, cataracts, and anterior segment disorders. She has a strong interest in resident and medical student education as well as physician wellness. She completed her bachelor's degree with high honors at the University of Maryland,

College Park. She completed her medical education at Johns Hopkins University School of Medicine and residency and fellowship training at the Doheny Eye Institute. She has been on the faculty at the University of Maryland since 2015. More recently she transitioned to full-time private practice and continues to serve as volunteer faculty.

## Participant Biographies

### TAK YEE TANIA TAI, MD

Tak Yee Tania Tai, MD, Associate Professor of Ophthalmology, is a member of the Ophthalmology Faculty Practice at New York Eye and Ear Infirmary of Mount Sinai. Dr. Tai is a graduate of the University of Pennsylvania, School of Medicine, and completed her residency training in Ophthalmology at the Jules Stein Eye Institute, UCLA.

She then completed fellowship training in Glaucoma at the Wills Eye Institute in Philadelphia prior to joining her practice in New York. She is currently the Director of the Glaucoma Clinic, Director of the Wet Lab, and Vice Chair of Clinical Operations at the New York Eye and Ear Infirmary of Mount Sinai.

### LORI TIERNEY

Lori Tierney is the President of the Americas for Johnson & Johnson Vision, leading the end-to-end Vision business for the company's largest region. In this role, Tierney drives strategy, commercial excellence, and organizational alignment across both Vision Care and Surgical Vision. Before joining J&J Vision, Ms. Tierney was the

Worldwide President for Mentor, leading end-to-end business for the world's No. 1 breast aesthetic brand. She also served as Vice President, Commercial Operations for J&J Medical Devices North America and prior to joining the company, held leadership positions at AstraZeneca, Endo International, and Centocor.

### ANN TRAN, MD

Dr. Ann Tran, MD is an Assistant Professor of Ophthalmology and Oculofacial Surgery at the University of Illinois Eye and Ear Infirmary. She is a Wisconsin native and pursued her undergraduate and medical school at the University of

Wisconsin. Dr. Tran completed her residency at the University of Miami Bascom Palmer Eye Institute and ASOPRS fellowship at the combined NYC Program affiliated with Columbia, Cornell, MEETH, NYEEI, New York University, and Bellevue Hospital. She specializes in orbital and aesthetic surgery. She serves as the Co-Director of the UIC Multidisciplinary TED clinic, associate ASOPRS fellowship preceptor, and current YASOPRS board member.

### VICTORIA TSENG, MD, PHD

Dr. Victoria Tseng is an Assistant Professor in the UCLA Department of Ophthalmology where she is a glaucoma specialist. Dr. Tseng is committed to the education of future ophthalmologists and is the Program Director for the UCLA Ophthalmology Residency. Dr. Tseng's research focuses on the intersection of epidemiology,

disparities, and population health within ophthalmology. She is a recipient of multiple research grants and honors including the Research to Prevent Blindness Career Development Award. Dr. Tseng is involved with national ophthalmology organizations and has participated in the American Academy of Ophthalmology Leadership Development Program.

### SONAL TULI, MD, MED

Dr. Tuli is Chair of the Department of Ophthalmology at the University of Florida. She previously served as the Residency Program Director for 10 years. She serves on the Board of Trustees of the AUPO and the Florida Society of Ophthalmology and is the Treasurer of the Cornea Society Board. She served as Chair of the Online Education Committee

of the AAO and has been a Board Examiner for the ABO since 2006, serving as Mentor Examiner and Panel Leader. At UF, she chairs the P&T and Compensation Committees. She speaks extensively at national and international meetings. She has received AAO's Distinguished Service, Secretariat, and Senior Achievement Awards and has been inducted into the AOA.

## Participant Biographies

### LORI TUTTLE, PT, PHD

Dr. Tuttle's entry-level Master of Physical Therapy degree was awarded from St. Louis University in 2004. She practiced as a physical therapist in the acute care setting at the University of Michigan Hospital before returning to a doctoral program. Dr. Tuttle was awarded a PhD in Movement Science from Washington University in St. Louis

in 2011 and completed a postdoctoral fellowship at the University of California San Diego in 2013. Dr. Tuttle's research program encompasses aging, metabolism and women's health with a current focus on the role of skeletal muscle architecture and surrounding structures on pelvic floor function and rehabilitation.

### VIRGINIA MIRALDI UTZ, MD

Virginia Miraldi Utz, MD, FAAP, FAAO is a Professor of Pediatric Ophthalmology at the Abrahamson Eye Institute of Cincinnati Children's Hospital Medical Center. Dr. Miraldi Utz specializes in the management of pediatric eye disorders and has subspecialty expertise in ocular inflammation and uveitis and ophthalmic genetic disorders,

including ocular malformations and retinal dystrophies. Her uveitis research interests include treatment outcomes in children with non-infectious uveitis, improving quality of life and visual function, and developing biomarkers to detect the onset of uveitis.

### THASARAT SUTABUTR VAJARANANT, MD, MHA

Dr. Vajaranant is an accomplished physician-scientist, educator, and advocate for global eye care. With over a decade of recognition as one of Castle Connolly America's Top Doctors, she is dedicated to improving patient care and advancing the field of ophthalmology. Dr. Vajaranant's

expertise lies in managing complex cases of glaucoma and

cataracts. Her research, funded by the NIH, NEI, and the American Glaucoma Society, focuses on critical areas such as glaucoma epidemiology, optic nerve and brain aging, and women's eye health. Additionally, she served as a site principal investigator for various recent multi-center clinical trials investigating novel treatments for glaucoma.

### LEJLA VAJZOVIC, MD

Dr. Vajzovic is a vitreoretinal surgeon and tenured Associate Professor of Ophthalmology at Duke University School of Medicine with expertise in adult and pediatric retinal diseases and surgery. She is passionate about translational research and collaborates closely with Duke biomedical engineers to develop imaging devices to improve

ophthalmic care. She serves as a principal investigator for numerous national clinical trials in the early to late stages of development. In addition, she is interested in cutting-edge technologies and recovery of vision in hereditary and common retinal diseases with gene therapy, stem cell technology, and retinal implants.

### ZARMEENA VENDAL, MD

Dr. Zarmeena Vendal is the Founder and Medical Director of a cataract refractive surgery and glaucoma practice in central Texas called Westlake Eye Specialists. Her expertise is in premium lens and femto laser cataract surgery, as well as MIGS. Dr. Vendal also collaborates with the industry in surgical innovation as a KOL as well

as CME education programs.

### VANESSA VERA, MD

Dr. Vera did her glaucoma fellowship at AVAO-University of Los Andes in Caracas, Venezuela, and a second Glaucoma and Advanced Anterior Segment Surgery (GAASS) Fellowship at the University of Toronto in Canada. She is currently a Medical Director

## Participant Biographies

for Glaucoma at AbbVie and has published numerous peer-reviewed papers and book chapters, has over 20 patents and patent applications in the USA; and created a surgical instrument that has been used successfully for glaucoma surgeries. Her research interests include novel medical and laser treatments, as well as new devices and surgical options for glaucoma.

**ANA CAROLINA VICTORIA, MD, FACS**

Ana Carolina Victoria, MD, FACS is an Oculofacial Plastic and Reconstructive Surgery in Miami FL. She is a proud mother of triplet boys, an avid snowboarder, and a horrible karaoke singer.

**TRISHA VOLMERING, MD**

Dr. Trisha Volmering practices comprehensive ophthalmology at MidWest Eye Center, a large group practice in Cincinnati. Surgically, she performs cataract surgery and MIGS. She loves teaching and is excited to be part of this learning experience!

**LILLY WAGNER, MD**

Dr. Wagner is an ASOPRS-trained oculoplastic surgeon at the Mayo Clinic in Rochester, MN. She has a special interest in establishing multidisciplinary care models. Through collaboration with colleagues in plastic surgery, neurosurgery, and ENT she offers customized surgical approaches for patients with complex and

advanced conditions affecting the ocular adnexa, skull base, and midface. Dr. Wagner is also passionate about physician advocacy, financial literacy, and the advancement of women physicians in academia.

**ALISON WATSON, MD, FACS**

Alison Watson, MD FACS is an Oculoplastic faculty at Wills Eye Hospital and an Associate Professor of Ophthalmology at Thomas Jefferson University in Philadelphia, PA. Dr. Watson graduated first in her class from Jefferson Medical College and went on to complete her Ophthalmology Residency at Wills Eye Hospital and was selected

to complete a combined American Society of Ophthalmic Plastic and Reconstructive Surgery (ASOPRS) and American Academy of Cosmetic Surgery (AACCS) accredited oculofacial plastic and orbital surgery fellowship at TOC Eye and Face in Austin, Texas. Dr. Watson provides specialty-focused care in all aspects of cosmetic and functional oculofacial and orbital surgery.

**CHRISTINA WENG, MD, MBA**

Christina Y. Weng, MD, MBA is Professor of Ophthalmology and the Vitreoretinal Diseases & Surgery Fellowship Program Director at the Baylor College of Medicine in Houston, Texas. Dr. Weng completed her ophthalmology residency at the Wilmer Eye Institute-Johns Hopkins University and her surgical retina fellowship

at the Bascom Palmer Eye Institute-University of Miami. She is the current President of WIO and also holds leadership positions in other organizations like the ASRS, Retina Society, and ASCRS. Dr. Weng is the proud Co-Editor of the book Women in Ophthalmology: A Comprehensive Guide for Career and Life.

**KIMBERLY WINGES, MD**

Kimberly M. Winges, MD, is Associate Professor of Ophthalmology and Neurology at the Casey Eye Institute/Oregon Health & Science University in Portland, Oregon. She is also the first female Assistant Chief of Surgery at the adjacent VA Hospital, where she practices comprehensive and neuro-ophthalmology. Born

## Participant Biographies

in San Francisco, she earned her undergraduate degree at Stanford University, graduated New York Medical College with a Howard Hughes Research fellowship in multiple sclerosis, pursued ophthalmology residency at UC Davis, and completed her clinical fellowship in neuro-ophthalmology at University of Iowa. She is Vice President of WIO and holds leadership roles in AAO, ABO, WPO and NANOS.

### KATHRYN WINKLER, MD

Kathryn (Katie) Winkler is an oculofacial surgeon practicing in the Chicago area at Chicagoland Oculoplastics Consultants, PLLC. Additionally, she is an Assistant Professor of Ophthalmology at Rush University Medical Center. Katie is a member of the American Academy of Ophthalmology and the American Society of Ophthalmic

Plastic and Reconstructive Surgery. She completed her residency at Wayne State University/Kresge Eye Institute and her ASOPRS fellowship at Consultants in Ophthalmic and Facial Plastic Surgery. Katie has a passion for international health. She and her husband have two children who are the light of their lives.

### ANNIE WISHNA, MD

Annie Wishna, MD, is a Clinical Associate professor of Ophthalmology at the University of Kansas School of Medicine in Kansas City, KS, and the Residency Program director in the Department of Ophthalmology. She practices comprehensive ophthalmology. Dr. Wishna was in private practice in New York City and then Olathe, KS,

for eight years prior to making the shift to academic medicine in 2017. She quickly became involved in resident education, starting as Associate Program Director in 2018 and becoming Program Director in 2021. Dr. Wishna earned her medical degree from Washington University School of Medicine, St. Louis, Mo and her residency at the New York Eye and Ear Infirmary.

### FASIKA WORETA, MD, MPH

Dr. Fasika Woreta is currently an Associate Professor in the Department of Ophthalmology and the Eugene de Juan Professor of Ophthalmic Education at the Johns Hopkins University School of Medicine. She received her MD and MPH degrees from Johns Hopkins and completed her ophthalmology residency at the Wilmer Eye Institute

and a corneal fellowship at Bascom Palmer Eye Institute. Dr. Woreta serves as the ophthalmology residency director and Director of the Eye Trauma Center at Wilmer. She has multiple leadership roles and publications in diversity, equity and inclusion, medical education, trauma, and quality improvement.

### TINA XIA, MD

Tina Xia is a fellowship-trained glaucoma specialist practicing in Philadelphia, PA. She is in private practice and is also attending in the Glaucoma department at Wills Eye Hospital. Dr. Xia underwent residency training at Washington University in St. Louis and her glaucoma fellowship at Wills Eye Hospital. In addition to her clinical

practice, she is actively involved in resident and fellow training. Dr. Xia also participates in clinical research through her practice.

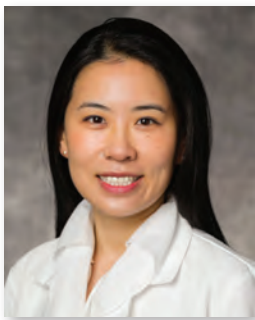

### BARBARA YATES, MD

Dr. Barbara Yates is a Board-Certified Ophthalmologist and fellowship-trained in both neuro-ophthalmology and oculoplastic. She specializes in neurological disorders that affect the visual pathway and oculofacial reconstruction. Her undergraduate degree was from UCLA, Los Angeles. She completed medical school training at UCSD,

## Participant Biographies

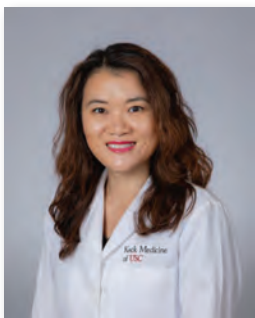

where she later returned to Los Angeles graduating with ophthalmology training from Jules Stein Eye Institute, and completed her neuro-ophthalmology and oculoplastic fellowship in Dallas, Texas at UT Southwestern Medical Center. She currently chairs several committees for the North American Neuro-Ophthalmology Society.

### AMY ZHANG, MD

Dr. Amy Zhang is an assistant clinical professor of the glaucoma service at the University of Michigan Kellogg Eye Center. She was previously at Case Western University where she was the glaucoma fellowship director. Her clinical interests are her work in minimally invasive glaucoma surgery and home tonometry.

She is the well-being director for the Department of Ophthalmology and a faculty associate of the Office of Well-Being at Michigan Medicine. She has an interest in improving ophthalmic ergonomics and looking into addressing drivers of burnout across the health system.

### SANDY ZHANG-NUNES, MD

Sandy X. Zhang-Nunes, MD is the director of Oculofacial Plastic Surgery at USC. She earned her undergraduate degrees at MIT and her medical degree at Johns Hopkins University. She then completed her ophthalmology residency at UCLA as well as a prestigious two-year ASOPRS fellowship in Columbus, OH. She

enjoys functional and aesthetic oculoplastic surgery, as well as laser and light therapy, neuromodulators, and facial volumization treatments. She is the founder of The Cutting Edge: Oculofacial Plastic Surgery Surgical Skills Course and is known for her research in dissolution of the various fillers to improve the safety of aesthetics, as well as light therapy for ocular rosacea and dry eye.

### ELAINE ZHOU, MD

Dr. Elaine J. Zhou is a fellowship-trained, board-certified ophthalmologist practicing at Monterey County Eye Associates on the central coast of California. She received her undergraduate degree at Yale University and her medical degree at the University of Pennsylvania. She completed her residency training in Ophthalmology

at Baylor College of Medicine, where she was chosen to serve as Chief Resident in her final year. Dr. Zhou went on to pursue additional Fellowship training at Bascom Palmer Eye Institute at the University of Miami, specializing in cornea, external eye diseases, and refractive surgery.

### DAGNY ZHU, MD

Dr. Zhu is the Medical Director and Partner of NVISION Eye Centers in Rowland Heights, CA. As an expert in laser vision correction and refractive cataract surgery, Dr. Zhu leads FDA clinical trials, serves as a medical advisor to ophthalmic companies, and has published and been featured in over 300 scientific papers and presentations, textbook

chapters, and press articles. Dr. Zhu graduated from Harvard Medical School and completed her residency at Doheny/USC and her cornea and refractive fellowship at Bascom Palmer. She has 100k+ followers on social media (@DZEyeMD) and was recently named "Rising Star" on the Ophthalmologist Power List, "Top 40 Under 40," and "Outstanding Female Leader."

## Things To Do in Carlsbad

### Shared 2-Hour Whale Watching Tour from Oceanside

Set sail from Oceanside during a whale watching excursion led by a certified naturalist guide. Board a comfortable 50-foot (15-meter) catamaran with covered areas for seating and cruise along San Diego's coastline to spot whales and other marine life, getting as close as possible without disturbing them. Plus, choose from multiple departures to easily fit this whale watching tour into your schedule.

### Carlsbad Food Tour and Wine Tasting

Savor the distinctive flavors of Carlsbad Village with a food and walking tour of the scenic seaside gem. Get an insider's look at the culinary scene, local history and landmarks as you explore with knowledgeable guides and enjoy a series of six gourmet tastings. Pause to sip award-winning California wines, sample luscious desserts and try a series of unique specialty foods, and season your experience with behind-the-scenes stories about Carlsbad Village's vibrant gourmet culture, hippest restaurants and cutting-edge artisanal products.

### Cruise & Booze Brewery Tours

Discover North Coast craft breweries—and enjoy a fun-filled and personalized way to explore—on this small-group, half-day tour. Following pickup, travel in a vintage VW Vanagon, with drinks and snacks provided. You'll visit three area craft breweries, where you can indulge in a generous array of samples, relax, and learn more about the brewing process.

### Carlsbad 3-Hour Electric Bike Rental

Explore the beaches and landmarks of Carlsbad, California aboard an e-bike with this rental option. Pick up your electric bike in the city center and embark on your own journey through the city. Stop at the beach, bike along the boardwalk, grab a bite to eat, or explore small towns nearby, the choice is yours.

### Mission San Luis Rey Museum

While in San Diego, visit the Mission San Luis Rey, a National Historic Landmark founded in 1798. Your entrance ticket includes several parts of the mission property, and a self-guided tour of the museum.

### LEGOLAND® California

Let your imagination run wild during a day of fun with tickets to LEGOLAND® California Resort. Build, play and explore among the park's range of over 60 rides, shows and attractions. Visit LEGO MOVIE WORLD with a host of new rides and attractions based on the hit movies.

## Local Dining Options

### 333 Pacific

Located directly across the street from the famous Oceanside Pier, 333 Pacific is the ultimate California Coastal dining destination.

### Campfire

Experience modern, rustic dining with a focus on open-fire cooking and creative cocktails in a trendy setting.

### Chandler's Oceanfront Dining

Enjoy oceanfront dining at Chandler's Restaurant & Lounge, offering a menu highlighting locally sourced ingredients and stunning views.

### Blue Ocean Robata & Sushi Bar

Asian cuisine unique for its Japanese robata grill, which turns out skewers of pork belly, wagyu meatballs, baby octopus, and asparagus with bacon.

### Park 101

A lively spot with food vendors and a rooftop bar, perfect for enjoying food and drinks in a casual setting.

### Le Papagayo

Mediterranean and New American coastal cuisine along with nightly live music all wrapped up in a quaint art gallery style casual dining establishment.

### Paon Restaurant & Wine Bar

A sophisticated choice offering French-inspired cuisine and an extensive wine list. Great for a special evening out.
